

## TWO CENT GASOLINE TAX IF SENATE CONCURS

### SUCH REVENUE AND CAR TAXES IN HIGHWAY FUND

MOTOR VEHICLE TAXES TO BE REDUCED ONE-SIXTH NEXT YEAR IF ADOPTED

IF SENATE AGREES, DEPARTMENT WILL HAVE \$10,500,000 FOR ROAD BUILDING

(By United Press)  
St. Paul, March 28.—Minnesota will have a two-cent tax on gasoline sales beginning July 1st if the senate concurs on a highway refinancing program passed by the house.

Revenue from the gasoline tax and funds derived from motor vehicle taxes will go to the highway department. Motor vehicle taxes will be reduced one-sixth next year under the program adopted.

If the senate agrees to the house bills, the highway department will have \$10,500,000 to finance road building and maintenance this year and this will be increased to about \$13,000,000 next year.

### REORGANIZATION BILL IS PRESENTED

St. Paul, March 28.—The revised bill for reorganization of the state government was presented to the house of the legislature today with a recommendation for passage by the civil service administration committee.

One of the important changes in the original measure is the striking out of all provisions for civil service in the administration of the state government.

The committee adopted an amendment designed to permit none of the merit system for office holding to creep into the measure offered by Rep. Guy E. Dilley, chairman of the Ramsey county court house delegation.

The bill as it is presented in the senate retains the civil service section.

The house bill leaves the rural credits bureau as now constituted, except that the chairman and secretary appointed by the governor are removable by him at will without cause.

The livestock sanitary board is left in its present form and not abolished. In the original bill, this board was wiped out and its duties turned over to the commissioner of agriculture.

A victory also was won by the state agricultural society in a committee amendment to the bill which leaves the officials of the state fair free to handle their finances without interference on the part of the commissioner of agriculture.

### BRITAIN FACES BIGAMOUS ERA

### PRACTICE OF WEDDING ALIEN WOMEN IS REVEALED IN ENGLAND

London, March 28.—England's justices have started a campaign to put an end to the profession of bigamy.

Recent cases have indicated that there are persons in England engaged in the profession of marrying alien women of questionable character in order that these women may become British subjects and continue to live in England without running the risk of deportation.

One man already married has been heavily sentenced for annexing two other brides, neither of whom he has ever seen since the day of the wedding.

Justice Ivory, in dealing with one such case, declared that there appeared to be "a nefarious system" at work to provide British citizenship for these alien women and that he would do all in his power to check it, and he expected that exemplary sentences would act as a deterrent.

In some cases the circumstances of the bigamy have been rather pitiful, for the person actually guilty of bigamy has been some unemployed man who has been glad to make a little money by going through a form of marriage.

## Attempts to Bribe State's Witnesses are Reported

### COOLIDGE TO BE ACCOMPANIED BY THE KELLOGGS

(By United Press)  
St. Paul, March 28.—President Coolidge will be accompanied by Secretary of State and Mrs. Frank B. Kellogg when he comes here in June. The president is coming to attend the Norse-American Centennial, June 6 to 9—an international affair commemorating the landing of the first Norse in America. The party will arrive in St. Paul June 7 and the president will deliver an address the following day.

### REORGANIZING VETERANS BUREAU SECTION DEPT.

### INVESTIGATION BEGUN UNDER ORDERS OF BRIGADIER- GENERAL HINES

### LATTER ISSUES AN AUTHORITA- TIVE STATE- MENT

(By United Press)  
St. Paul, March 28.—Reorganization of the agricultural rehabilitation section of the United States veterans' bureau in Minnesota has been begun under an order of Brigadier General Frank G. Hines, director.

This is the first concrete result of the American Legion investigation of veterans' bureau affairs.

Announcement of the putting into effect of reorganization plans was made in a public statement prepared by General Hines.

The statement ignores charges of maladministration and contains no hint as to public charges in the personnel of the bureau in Minnesota.

General Hines' statement brings out the following:

Recommendation of the Fort Snelling site for the proposed \$1,500,000 tuberculosis hospital.

Determination to carry the Arthur Lopez-Arthur Frazier case to court, and approval of the bureau's conduct relative to the matter.

Beginning of a survey of agricultural projects by four bureau experts with a view to making recommendations as to additional aid in individual cases.

Granting of further assistance to trainees on cut-over land.

Scheduled appointment of an agricultural expert to take full charge of the Minnesota project and appointment of special assistants to provide individual instructions to trainees.

Approval of the conduct of the Minnesota offices of the bureau in handling rehabilitation work.

The statement was prepared Friday, but not released until after General Hines' departure for Washington to permit its widest circulation in the afternoon daily newspapers. General Hines is now on his way to Washington after a week in the Minnesota area.

### WHAT IS IN THE U. S. PAY ENVELOPE

(By United Press)  
Chicago, March 28.—One person out of seventy-two in the United States has an income of more than \$4,000 a year, declared R. B. Cook, of Chicago, in an address at a national convention of commercial educators here.

"Fifty-three per cent of the pay envelopes of America contain less than twenty-five dollars a week," said Cook, who is general sales manager of one of the large provision companies. "Of the 42,000,000 people who are doing the actual work of America fewer than 4 per cent are in the class receiving above \$4,000 a year. At the same time there are estimated to be 750,000 major executive positions, paying salaries up to \$100,000, in the United States, and 10 per cent of these have to be re-filled every year."

### COLD SPRINGS NATIONAL BANK LOOTED OF \$5,000

### BANDITS BREAK INTO BANK. WOUND MARSHAL MEYER

### TWO "SHOTS" OF NITROGLYCERINE OPENED BANK VAULT AND WRECKED FRONT

(By United Press)  
St. Cloud, March 28.—Bandits looted the First National Bank of Cold Springs 16 miles southeast of here at 4 a. m. today and wounded Marshal Meyer.

The loot amounted to \$5,000 in cash and Liberty Bonds.

Two "shots" of nitroglycerine opened the bank vault with such force that the front of the bank was wrecked.

Six or seven bandits participated in the robbery, according to the town marshal who was wounded in the affair. Meyer heard bandits working in the bank and sought to approach through an alley entrance. Guards stationed in the rear of the bank opened fire on him. Residents aroused by the shooting found Meyer in the alley.

The bandist fled south towards the Twin Cities and were traced by deputies as far as Watkins, across the Meeker county line. The trail was lost there. Deputy Bettenberg and police from St. Cloud rushed to the scene.

All telephone wires into Cold Springs were cut before the yeggs started to work.

### DEFENSE TO START INNING IN BANDIT CASE

### 4 ROBBERS ACCUSED OF KILLING RUSSELL DICKEY IN TRAIN HOLDUP

### INTRODUCTION OF CONFESSIONS IS PRINCIPAL EVIDENCE OF STATE

(By United Press)  
Waukegan, Ill., March 28.—The defense will start its inking in the trial of four train-bandits accused of murdering Russell Dickey in a train hold-up here last winter by placing three defendants on the witness stand, it was indicated late yesterday as the state completed introduction of evidence. Bernhardt Mylin, who confessed shooting Dickey, a railroad employee, and Ralph N. McKee and Bernard Smith, co-defendants, are expected to testify the shooting was accidental. It is understood they will charge that Edward Smith, alleged "brains" of the gang, told them Dickey was fixed and would offer no opposition.

Dickey was shot in a scuffle with Mylin shortly after the bandit boarded the train at Waukegan.

Introduction of confessions made by the bandits following their capture is the principal evidence in the state's case.

### BILL TO CUT THE GOVERNOR'S SALARY

### SENATOR MIKE BOYLAN SUG- GESTS REDUCING \$7,000 TO \$4,500

(By United Press)  
St. Paul, March 28.—In conformance with Governor Christianson's economy program, Senator Mike Boylan of Virginia introduced a bill in the legislature today to cut the governor's salary from \$7,000 to \$4,500. This would save the state \$2,500, Boylan said. The governor was asked if he would favor this act of economy, but did not care to discuss it.

### 2 KILLED, 4 HURT AS AUTO COLLIDES WITH STANDING FIRE-TRUCK

(By United Press)  
Dallas, Tex., March 28.—Two persons were killed and four injured when an automobile crashed into a stationary fire-truck here early today. Glen Breggs, fire captain, and John Bardenman, hoseman, were crushed between the colliding machines.

### WHEELER GIVES \$1,000 BAIL FOR HIS APPEARANCE

### INDICTMENT WAS RETURNED AGAINST SENATOR CHARG- ING CONSPIRACY

### TRIAL WILL BE BY JURY AND HELD SOME TIME THIS SUMMER

(By United Press)  
Washington, March 28.—Senator Burton K. Wheeler appeared personally before the District of Columbia Supreme Court today and furnished \$1,000 bail for his appearance for trial on the indictment returned here yesterday against him and two other Montana men charged with conspiracy to defraud the government out of valuable Montana oil land.

Trial will be by jury and probably will be held some time this summer. The former independent vice-presidential candidate will confer with his counsel and colleague, Senator Thomas Walsh to plan to meet this indictment, as well as the pending indictment in Montana. If possible, they will procure trial of the Montana charges first.

The case there is on a charge of violation of a federal statute in appearing as an attorney before the interior department while he was a senator, and is set for April 16th.

The charges hinge on practically the same circumstances as the New case which was brought before the District of Columbia grand jury by Attorney-General Stone. Wheeler has charged repeatedly that the indictments are a frame-up instigated by former associates of the former national committee to discredit his investigation which resulted in the resignation of former Attorney-General Daugherty.

### TEAR GAS USED AS A FUMIGANT

### UNIVERSITY MEN DISCOVER A METHOD FOR CLEANING FLOUR MILLS

St. Paul, March 28.—Chloropicrin, used as a tear gas during the World War, is highly effective as a fumigant for flour mills and elevators when it is distributed by a high pressure atomizer, according to tests by University of Minnesota men.

Dr. R.N. Chapman, University of Minnesota entomologist and biologist, assisted by Prof. A. L. Strand, has prepared directions for atomizing chloropicrin in the elevators and machinery of flour mills. Repeated experiments in the mills of Minneapolis have demonstrated that flour moths and beetles can be kept under control by a single spraying every two weeks.

Under the hydrocyanic acid gas method it costs about \$40 for materials to fumigate a plant of the size of the state's experimental mill in Minneapolis. The building to be fumigated has to be made as nearly air tight as possible. Complete fumigation is necessary once a year and sometimes twice a year. Costs of the material under the chloropicrin methods are placed at no more than 50 cents a month by Dr. Chapman.

### "MILLION DOLLAR GERM MURDER" PROBE

### INVESTIGATION UNDER WAY IN CHICAGO BY STATE'S AT- TORNEY CROWE

### ONE WITNESS "ACCUSED OF BE- ING OFFERED \$5,000 TO LEAVE CITY

(By United Press)  
Chicago, March 28.—Reports of attempts to bribe state's witnesses in the "million dollar germ murder" were investigated today by State's Attorney Robert E. Crowe. Earl T. Clark, an important witness, who gave testimony which led to the arrest of William D. Shepherd on the charge of murdering Billy McClintock, was taken into custody following reports he had been offered \$5,000 to leave the city. The offer was made by a representative of a detective agency, Crowe was told. Crowe ordered the head of the agency brought in.

Coroner's chemists were at work on the bodies of Dr. Oscar Olson, brother of Chief Justice Harry Olson and Mrs. Emma McClintock, mother of Billy.

The preliminary examination shows the presence of endocarditis in the body of Mrs. McClintock and pericarditis in the body of Dr. Olson. These are forms of heart afflictions, Dr. William D. McNally, coroner's chemist, said, but he has not yet established whether death was due to these ailments.

Both parties are in an excellent state of preservation despite the fact that Mrs. McClintock died 16 years ago and Dr. Olson died three years ago.

William Scott Stewart, attorney for Shepherd, announced he would ask Judge Jacob Hopkins today to rescind his ruling against bail. Stewart said he had new evidence which he felt sure would put a new light on the whole affair and leave Judge Hopkins no alternative but to agree to Shepherd's freedom on bond.

Mrs. Luella Rhuebell, former secretary of Dr. C. C. Falman, chief witness against Shepherd, told attaches of the state's attorney's office that she had evidence that Dr. Falman never had any germs in his medical school and, therefore, could not have given typhoid germs to Shepherd.

### COMMISSION TO FIX SALARIES STATE EMPLOYEES

St. Paul, March 28.—A commission to fix the salaries of state employees and appoint state officials is provided in a bill introduced in the house today.

The bill was introduced by Rep. Walter Bagley, Washington county, and a couple of other farmer-labor members of the house.

The commission membership would be the governor, secretary of state and attorney-general. A meeting would be held every year to adjust salaries.

Under this commission, it was pointed out, salaries would be more evenly standardized in the various state departments and could be changed in accordance with fluctuations and the cost of living.

### NEW ARGUMENTS ASKING FOR BAIL

Chicago, March 28.—Threats of prosecution forced Dr. Charles Falman to charge that William D. Shepherd plotted to kill Billy McClintock, William S. Stewart, defense attorney for Shepherd charged today in a new demand for bail.

Attaches of the office of State's Attorney Robert E. Crowe told Dr. Falman if he did not tell his story they would prosecute him on a charge of performing illegal operation, Stewart declared.

Stewart made his argument before Judge Jacob Hopkins who rejected a petition for bail several days ago. Judge Hopkins adjourned today's

### ONE PATIENT IS DEAD IN CHICAGO HOSPITAL FIRE

(By United Press)  
Chicago, March 28.—A police inquiry was opened today in the fire which last midnight swept a hospital in the loop, causing the death of P. J. Regan, a patient. A dozen nurses and patients escaped with great difficulty. Regan, whose eyes were bandaged, groped his way about the hallway until he fainted. Firemen stumbled over his body. He had been overlooked in the mad scramble for safety.

### SOUTH DAKOTA PRAIRIE FIRES ARE SUBSIDING

### RANCHMEN CLAIM SOME GOOD WILL RESULT FROM FIRES

### MORE ABUNDANT STAND OF GRASS TO FOLLOW NEXT YEAR

(By United Press)  
Sioux Falls, S. D., March 28.—South Dakota prairie fires were at an end today with the damage estimated at slightly more than the good which will evolve.

Ranchmen said the area burned over will produce a more abundant stand of grass this year because of the burning.

Several small stands of timber were burned as the fires raced across the land and some Indian shacks and ranch homes were consumed by advancing flames. The prairie fire swept across territory which was not densely populated and the loss of property was minimized.

Early reports of death due to the flames proved to be untrue. Only one man was badly burned at Walker, South Dakota.

Unless strong winds arise again before rain comes, there is little danger of a repetition of the prairie fires this spring.

### OKLAHOMA FIRES GRADUALLY BURN OUT

Broken Bow, Okla., March 28.—Forest fires in southeastern Oklahoma were gradually burning out today under the watchful eyes of farmers and further damage is not anticipated. A. B. Lambert, mayor of Broken Bow told the United Press today. Falling wind and cloudy skies gave promise of rain, Lambert said. More than half of McCurtain county has been dotted by numerous blazes during the week.

### Big Fair Deficit

London, March 28.—Parliament has been asked to appropriate more than \$5,000,000 to make up the deficit of the big British empire exhibition at Wembley last year, and to continue it this year. The deficit is almost double that amount, but much of it has been made up by private individuals.

court action until Monday without making a ruling.

### 53 BILLS BROUGHT IN THE LAST MINUTE

St. Paul, March 28.—Fifty-three bills were introduced in the house of the legislature today as the time limit for introduction of bills expired.

Twice this number of bills were introduced on the same day in the 1923 session of the legislature, but the total number of bills introduced is almost the same as in 1923. There have been 1391 bills presented this year. More than 300 of these bills provide for payment of soldiers' bonus claims that were not submitted or acted upon while the bonus board was in existence. Two of the bills introduced this morning provide for compensation for St. Paul men for injuries.

### AUTOMOBILE AIRPLANE IS COMING SOON

### LIEUTENANT E. H. NELSON OF ARMY AIR SERVICE IN INTERVIEW

### WINGS OF DETACHABLE KIND TO MAKE FLYING A PLEASURE

(By United Press)  
St. Paul, March 28.—The day of the automobile airplane is coming soon, Lieutenant E. H. Nelson, army air service, told the United Press here today.

"Aviation is coming to the automobile airplane," said the world-flier who circled the globe last year. "I expect to see the day when a man will drive his automobile out of his home garage, attach wings to it at the flying field and soar away on a pleasure jaunt or to conduct his business." Arriving at a distant air-drome he will detach and check his wings, drive his automobile downtown or anywhere he pleases and when he is ready to return, he will attach his wings and fly home again.

Lt. Nelson is enroute to Seattle and Santa Monica for the air service where he will be production manager for the government. The Dowling Company which built the world circuit planes is completing new planes for the government which will equal or better any military plane of that type in the world, he said. The Bowing Company at Seattle is completing a new type one-man pursuit plane for the air service which will be equally efficient. Lt. Nelson will supervise production of the government planes and will test the ships.

"National defense in the future will depend largely upon aviation," said Lt. Nelson. "It is, of course, impossible for the government to maintain a huge air force adequate for national defense, but commercial aviation will be the saving factor. We have hardly begun on commercial aviation as yet," he said. "But when this country builds up an extensive commercial air service planes of that type will be the backbone of national defense."

### FATE OF GIRL IN JURY HANDS

### PLEA OF GUILTY TO MANSLAUGH- TER BY DOROTHY ELLING- SON NOT ACCEPTED

(By United Press)  
San Francisco, March 28.—The fate of Dorothy Ellingson will be determined by a jury because her counsel's offer to have the 16-year-old girl plead guilty to manslaughter in connection with the death of her mother was not accepted by the prosecution.

Seeking to prevent further suffering to the girl who has now collapsed in court eight times, Judge McAttee, counsel for Dorothy offered the manslaughter plea, but District Attorney Brady demanded a second degree murder plea entailing immediate sentence of from ten years to life imprisonment. Dorothy's condition is reported as highly nervous.

### No Boiled Eggs There

Washington, March 28.—Government scientists say on account of the rare state of the air on Mars, water there boils at a lower temperature than on the earth. The difference is so great, they claim, that boiling water on Mars will not boil an egg.

### Orchestra by Mail

Detroit, March 28.—A course in "school orchestra" is given by the extension department of Detroit teachers' college. This course is intended for teachers who wish to direct orchestras and to broaden their musical knowledge.

## TWO CENT GASOLINE TAX IF SENATE CONCURS

### SUCH REVENUE AND CAR TAXES IN HIGHWAY FUND

**MOTOR VEHICLE TAXES TO BE  
REDUCED ONE-SIXTH NEXT  
YEAR IF ADOPTED**

**IF SENATE AGREES, DEPART-  
MENT WILL HAVE \$10,500,000  
FOR ROAD BUILDING**

(By United Press)  
St. Paul, March 28.—Minnesota will have a two-cent tax on gasoline sales beginning July 1st if the senate concurs on a highway refinancing program passed by the house. Revenue from the gasoline tax and funds derived from motor vehicle taxes will go to the highway department. Motor vehicle taxes will be reduced one-sixth next year under the program adopted. If the senate agrees to the house bills, the highway department will have \$10,500,000 to finance road building and maintenance this year and this will be increased to about \$13,000,000 next year.

### REORGANIZATION BILL IS PRESENTED

St. Paul, March 28.—The revised bill for reorganization of the state government was presented to the house of the legislature today with a recommendation for passage by the civil service administration committee. One of the important changes in the original measure is the striking out of all provisions for civil service in the administration of the state government.

The committee adopted an amendment designed to permit none of the merit system for office holding to creep into the measure offered by Rep. Guy E. Dilley, chairman of the Ramsey county court house delegation.

The bill as it is presented in the senate retains the civil service section.

The house bill leaves the rural credits bureau as now constituted, except that the chairman and secretary appointed by the governor are removable by him at will without cause.

The livestock sanitary board is left in its present form and not abolished. In the original bill, this board was wiped out and its duties turned over to the commissioner of agriculture.

A victory also was won by the state agricultural society in a committee amendment to the bill which leaves the officials of the state fair free to handle their finances without interference on the part of the commissioner of agriculture.

### BRITAIN FACES BIGAMOUS ERA

**PRACTICE OF WEDDING ALIEN  
WOMEN IS REVEALED IN  
ENGLAND**

London, March 28.—England's justices have started a campaign to put an end to the profession of bigamy.

Recent cases have indicated that there are persons in England engaged in the profession of marrying alien women of questionable character in order that these women may become British subjects and continue to live in England without running the risk of deportation.

One man already married has been heavily sentenced for annexing two other brides, neither of whom he has ever seen since the day of the wedding.

Justice Ivory, in dealing with one such case, declared that there appeared to be "a nefarious system" at work to provide British citizenship for these alien women and that he would do all in his power to check it, and he expected that exemplary sentences would act as a deterrent.

In some cases the circumstances of the bigamy have been rather pitiful, for the person actually guilty of bigamy has been some unemployed man who has been glad to make a little money by going through a form of marriage.

## Attempts to Bribe State's Witnesses are Reported

### COOLIDGE TO BE ACCOMPANIED BY THE KELLOGGS

(By United Press)  
St. Paul, March 28.—President Coolidge will be accompanied by Secretary of State and Mrs. Frank B. Kellogg when he comes here in June. The president is coming to attend the Norse-American Centennial, June 6 to 9—an international affair commemorating the landing of the first Norse in America. The party will arrive in St. Paul June 7 and the president will deliver an address the following day.

### REORGANIZING VETERANS BUREAU SECTION DEPT.

**INVESTIGATION BEGUN UNDER  
ORDERS OF BRIGADIER-  
GENERAL HINES**

**LATTER ISSUES AN AUTHORITY  
STATE-  
MENT**

(By United Press)  
St. Paul, March 28.—Reorganization of the agricultural rehabilitation section of the United States veterans' bureau in Minnesota has been begun under an order of Brigadier General Frank G. Hines, director.

This is the first concrete result of the American Legion investigation of veterans' bureau affairs.

Announcement of the putting into effect of reorganization plans was made in a public statement prepared by General Hines.

The statement ignores charges of maladministration and contains no hint as to public charges in the personnel of the bureau in Minnesota.

General Hines' statement brings out the following:

Recommendation of the Fort Snelling site for the proposed \$1,500,000 tuberculosis hospital.

Determination to carry the Arthur Lopez-Arthur Frazier case to court, and approval of the bureau's conduct relative to the matter.

Beginning of a survey of agricultural projects by four bureau experts with a view to making recommendations as to additional aid in individual cases.

Granting of further assistance to trainees on cut-over land.

Scheduled appointment of an agricultural expert to take full charge of the Minnesota project and appointment of special assistants to provide individual instructions to trainees.

Approval of the conduct of the Minnesota offices of the bureau in handling rehabilitation work.

The statement was prepared Friday, but not released until after General Hines' departure for Washington to permit its widest circulation in the afternoon daily newspapers. General Hines is now on his way to Washington after a week in the Minnesota area.

### WHAT IS IN THE U. S. PAY ENVELOPE

(By United Press)  
Chicago, March 28.—One person out of seventy-two in the United States has an income of more than \$4,000 a year, declared R. B. Cook, of Chicago, in an address at a national convention of commercial educators here.

"Fifty-three per cent of the pay envelopes of America contain less than twenty-five dollars a week," said Cook, who is general sales manager of one of the large provision companies. "Of the 42,000,000 people who are doing the actual work of America fewer than 4 per cent are in the class receiving above \$4,000 a year. At the same time there are estimated to be 750,000 major executive positions, paying salaries up to \$100,000, in the United States, and 10 per cent of these have to be re-filled every year."

### COLD SPRINGS NATIONAL BANK LOOTED OF \$5,000

**BANDITS BREAK INTO BANK,  
WOUND MARSHAL  
MEYER**

**TWO "SHOTS" OF NITROGLYCER-  
INE OPENED BANK VAULT  
AND WRECKED FRONT**

(By United Press)  
St. Cloud, March 28.—Bandits looted the First National Bank of Cold Springs 16 miles southeast of here at 4 a. m. today and wounded Marshal Meyer.

The loot amounted to \$5,000 in cash and Liberty Bonds. Two "shots" of nitroglycerine opened the bank vault with such force that the front of the bank was wrecked.

Six or seven bandits participated in the robbery, according to the town marshal who was wounded in the affair. Meyer heard bandits working in the bank and sought to approach through an alley entrance. Guards stationed in the rear of the bank opened fire on him. Residents aroused by the shooting found Meyer in the alley.

The bandit fled south towards the Twin Cities and were traced by deputies as far as Watkins, across the Meeker county line. The trail was lost there. Deputy Bettenberg and police from St. Cloud rushed to the scene.

All telephone wires into Cold Springs were cut before the yeggs started to work.

### DEFENSE TO START INNING IN BANDIT CASE

**4 ROBBERS ACCUSED OF KILLING  
RUSSELL DICKEY IN TRAIN  
HOLDUP**

**INTRODUCTION OF CONFESSIONS  
IS PRINCIPAL EVIDENCE OF  
STATE**

(By United Press)  
Waukegan, Ill., March 28.—The defense will start its inning in the trial of four train-bandits accused of murdering Russell Dickey in a train hold-up here last winter by placing three defendants on the witness stand, it was indicated late yesterday as the state completed introduction of evidence. Bernhardt Mylin, who confessed shooting Dickey, a railroad employee, and Ralph N. McKee and Bernard Smith, co-defendants, are expected to testify the shooting was accidental. It is understood they will charge that Edward Smith, alleged "brains" of the gang, told them Dickey was fixed and would offer no opposition.

Dickey was shot in a scuffle with Mylin shortly after the bandit boarded the train at Waukegan.

Introduction of confessions made by the bandits following their capture is the principal evidence in the state's case.

### BILL TO CUT THE GOVERNOR'S SALARY

**SENATOR MIKE BOYLAN SUG-  
GESTS REDUCING \$7,000 TO  
\$4,500**

(By United Press)  
St. Paul, March 28.—In conformity with Governor Christianson's economy program, Senator Mike Boylan of Virginia introduced a bill in the legislature today to cut the governor's salary from \$7,000 to \$4,500. This would save the state \$2,500, Boylan said. The governor was asked if he would favor this act of economy, but did not care to discuss it.

### 2 KILLED, 4 HURT AS AUTO COLLIDES WITH STANDING FIRE-TRUCK

(By United Press)  
Dallas, Tex., March 28.—Two persons were killed and four injured when an automobile crashed into a stationary fire-truck here early today. Glen Breggs, fire captain, and John Bardeman, hoseman, were crushed between the colliding machines.

### WHEELER GIVES \$1,000 BAIL FOR HIS APPEARANCE

**INDICTMENT WAS RETURNED  
AGAINST SENATOR CHARG-  
ING CONSPIRACY**

**TRIAL WILL BE BY JURY AND  
HELD SOME TIME THIS  
SUMMER**

(By United Press)  
Washington, March 28.—Senator Burton K. Wheeler appeared personally before the District of Columbia Supreme Court today and furnished \$1,000 bail for his appearance for trial on the indictment returned here yesterday against him and two other Montana men charged with conspiracy to defraud the government out of valuable Montana oil land.

Trial will be by jury and probably will be held some time this summer. The former independent vice-presidential candidate will confer with his counsel and colleague, Senator Thomas Walsh to plan to meet this indictment, as well as the pending indictment in Montana. If possible, they will procure trial of the Montana charges first.

The case there is on a charge of violation of a federal statute in appearing as an attorney before the interior department while he was a senator, and is set for April 16th.

The charges hinge on practically the same circumstances as the New case which was brought before the District of Columbia grand jury by Attorney-General Stone. Wheeler has charged repeatedly that the indictments are a frame-up instigated by former associates of the former national committee to discredit his investigation which resulted in the resignation of former Attorney-General Daugherty.

### TEAR GAS USED AS A FUMIGANT

**UNIVERSITY MEN DISCOVER A  
METHOD FOR CLEANING  
FLOUR MILLS**

St. Paul, March 28.—Chloropicrin, used as a tear gas during the World War, is highly effective as a fumigant for flour mills and elevators when it is distributed by a high pressure atomizer, according to tests by University of Minnesota men.

Dr. R. N. Chapman, University of Minnesota entomologist and biologist, assisted by Prof. A. L. Strand, has prepared directions for atomizing chloropicrin in the elevators and machinery of flour mills. Repeated experiments in the mills of Minneapolis have demonstrated that flour moths and beetles can be kept under control by a single spraying every two weeks.

Under the hydrocyanic acid gas method it costs about \$40 for materials to fumigate a plant of the size of the state's experimental mill in Minneapolis. The building to be fumigated has to be made as nearly air tight as possible. Complete fumigation is necessary once a year and sometimes twice a year. Costs of the material under the chloropicrin methods are placed at no more than 50 cents a month by Dr. Chapman.

### "MILLION DOLLAR GERM MURDER" PROBE

**INVESTIGATION UNDER WAY IN  
CHICAGO BY STATE'S AT-  
TORNEY CROWE**

**ONE WITNESS ACCUSED OF BE-  
ING OFFERED \$5,000 TO  
LEAVE CITY**

(By United Press)  
Chicago, March 28.—Reports of attempts to bribe state's witnesses in the "million dollar germ murder" were investigated today by State's Attorney Robert E. Crowe. Earl T. Clark, an important witness, who gave testimony which led to the arrest of William D. Shepherd on the charge of murdering Billy McClintock, was taken into custody following reports he had been offered \$5,000 to leave the city. The offer was made by a representative of a detective agency, Crowe was told. Crowe ordered the head of the agency brought in.

Coroner's chemists were at work on the bodies of Dr. Oscar Olson, brother of Chief Justice Harry Olson and Mrs. Emma McClintock, mother of Billy.

The preliminary examination shows the presence of endocarditis in the body of Mrs. McClintock and pericarditis in the body of Dr. Olson. These are forms of heart afflictions, Dr. William D. McNally, coroner's chemist, said, but he has not yet established whether death was due to these ailments.

Both parties are in an excellent state of preservation despite the fact that Mrs. McClintock died 16 years ago and Dr. Olson died three years ago.

William Scott Stewart, attorney for Shepherd, announced he would ask Judge Jacob Hopkins today to rescind his ruling against him. Stewart said he had new evidence which he felt sure would put a new light on the whole affair and leave Judge Hopkins no alternative but to agree to Shepherd's freedom on bond.

Mrs. Luella Rhuebell, former secretary of Dr. C. C. Faiman, chief witness against Shepherd, told attacks of the state's attorney's office that she had evidence that Dr. Faiman never had any germs in his medical school and, therefore, could not have given typhoid germs to Shepherd.

### COMMISSION TO FIX SALARIES STATE EMPLOYEES

St. Paul, March 28.—A commission to fix the salaries of state employees and appoint state officials is provided in a bill introduced in the house today.

The bill was introduced by Rep. Walter Bagley, Washington county, and a couple of other farmer-labor members of the house.

The commission membership would be the governor, secretary of state and attorney-general. A meeting would be held every year to adjust salaries.

Under this commission, it was pointed out, salaries would be more evenly standardized in the various state departments and could be changed in accordance with fluctuations and the cost of living.

### NEW ARGUMENTS ASKING FOR BAIL

Chicago, March 28.—Threats of prosecution forced Dr. Charles Faiman to charge that William D. Shepherd plotted to kill Billy McClintock, William S. Stewart, defense attorney for Shepherd charged today in a new demand for bail.

Attaches of the office of State's Attorney Robert E. Crowe told Dr. Faiman if he did not tell his story they would prosecute him on a charge of performing illegal operation, Stewart declared.

Stewart made his argument before Judge Jacob Hopkins who rejected a petition for bail several days ago. Judge Hopkins adjourned today's

### ONE PATIENT IS DEAD IN CHICAGO HOSPITAL FIRE

(By United Press)  
Chicago, March 28.—A police inquiry was opened today in the fire which last midnight swept a hospital in the loop, causing the death of P. J. Regan, a patient. A dozen nurses and patients escaped with great difficulty. Regan, whose eyes were bandaged, groped his way about the hallway until he fainted. Firemen stumbled over his body. He had been overlooked in the mad scramble for safety.

### SOUTH DAKOTA PRAIRIE FIRES ARE SUBSIDING

**RANCHMEN CLAIM SOME GOOD  
WILL RESULT FROM  
FIRES**

**MORE ABUNDANT STAND OF  
GRASS TO FOLLOW NEXT  
YEAR**

(By United Press)  
Sioux Falls, S. D., March 28.—South Dakota prairie fires were at an end today with the damage estimated at slightly more than the good which will evolve.

Ranchmen said the area burned over will produce a more abundant stand of grass this year because of the burning.

Several small stands of timber were burned as the fires raced across the land and some Indian shack, and ranch homes were consumed by advancing flames. The prairie fire swept across territory which was not densely populated and the loss of property was minimized.

Early reports of death due to the flames proved to be untrue. Only one man was badly burned at Walker, South Dakota.

Unless strong winds arise again before rain comes, there is little danger of a repetition of the prairie fires this spring.

### OKLAHOMA FIRES GRADUALLY BURN OUT

Broken Bow, Okla., March 28.—Forest fires in southeastern Oklahoma were gradually burning out today under the watchful eyes of farmers and further damage is not anticipated. A. B. Lambert, mayor of Broken Bow told the United Press today. Falling wind and cloudy skies gave promise of rain, Lambert said. More than half of McCurtain county has been dotted by numerous blazes during the week.

### Big Fair Deficit

London, March 28.—Parliament has been asked to appropriate more than \$5,000,000 to make up the deficit of the big British empire exhibition at Wembley last year, and to continue it this year. The deficit is almost double that amount, but much of it has been made up by private individuals.

court action until Monday without making a ruling.

### 53 BILLS BROUGHT IN THE LAST MINUTE

St. Paul, March 28.—Fifty-three bills were introduced in the house of the legislature today as the time limit for introduction of bills expired.

Twice this number of bills were introduced on the same day in the 1923 session of the legislature, but the total number of bills introduced is almost the same as in 1923. There have been 1391 bills presented this year. More than 300 of these bills provide for payment of soldiers' bonus claims that were not submitted or acted upon while the bonus board was in existence. Two of the bills introduced this morning provide for compensation for St. Paul men for injuries.

### AUTOMOBILE AIRPLANE IS COMING SOON

**LIEUTENANT E. H. NELSON OF  
ARMY AIR SERVICE IN  
INTERVIEW**

**WINGS OF DETACHABLE KIND  
TO MAKE FLYING A  
PLEASURE**

(By United Press)  
St. Paul, March 28.—The day of the automobile airplane is coming soon, Lieutenant E. H. Nelson, army air service, told the United Press here today.

"Aviation is coming to the automobile airplane," said the world-flier who circled the globe last year. "I expect to see the day when a man will drive his automobile out of his home garage, attach wings to it at the flying field and soar away on a pleasure jaunt or to conduct his business." Arriving at a distant air-drome he will detach and check his wings, drive his automobile downtown or anywhere he pleases and when he is ready to return, he will attach his wings and fly home again.

Lt. Nelson is enroute to Seattle and Santa Monica for the air service where he will be production manager for the government. The Dowling Company which built the world circuit planes is completing new planes for the government which will equal or better any military plane of that type in the world, he said. The Dowling Company at Seattle is completing a new type one-man pursuit plane for the air service which will be equally efficient. Lt. Nelson will supervise production of the government planes and will test the ships.

"National defense in the future will depend largely upon aviation," said Lt. Nelson. "It is, of course, impossible for the government to maintain a huge air force adequate for national defense, but commercial aviation will be the saving factor. We have hardly begun on commercial aviation as yet," he said. "But when this country builds up an extensive commercial air service planes of that type will be the backbone of national defense."

### FATE OF GIRL IN JURY HANDS

**PLEA OF GUILTY TO MANSLAUGHTER  
BY DOROTHY ELLING-  
SON NOT ACCEPTED**

(By United Press)  
San Francisco, March 28.—The fate of Dorothy Ellingson will be determined by a jury because her counsel's offer to have the 16-year-old girl plead guilty to manslaughter in connection with the death of her mother was not accepted by the prosecution.

Seeking to prevent further suffering to the girl who has now collapsed in court eight times, Judge McAttee, counsel for Dorothy offered the manslaughter plea, but District Attorney Brady demanded a second degree murder plea entailing immediate sentence of from ten years to life imprisonment. Dorothy's condition is reported as highly nervous.

### No Boiled Eggs There

Washington, March 28.—Government scientists say on account of the rare state of the air on Mars, water there boils at a lower temperature than on the earth. The difference is so great, they claim, that boiling water on Mars will not boil an egg.

### Orchestra by Mail

Detroit, March 28.—A course in "school orchestra" is given by the extension department of Detroit teachers' college. This course is intended for teachers who wish to direct orchestras and to broaden their musical knowledge.

## PREDICTS EARTH TREMORS TONIGHT

TO BE FELT IN NORTH AND CENTRAL AMERICA TONIGHT

Faenza, Italy, March 28.—Professor Bendandi, seismologist, who predicted the recent earthquake in the United States, announces there will be a strong tremor felt in both North and Central America tonight.

There will be an earthquake in the far east on Monday, Professor Bendandi predicts.

Energy is true gasoline, not doped. Next in grade to the highest test aviation gasoline. 12511

## History of Lace

Lace was first made in the Sixteenth century. Before that time the term lace described such articles as cords, narrow braids of plaited and twisted threads, used not only to fasten shoes, sleeves and corsets together, but also in a decorative manner to braid the hair and to wind around hats. Later it was used as a trimming for costumes.

## Eyeglasses in Profusion

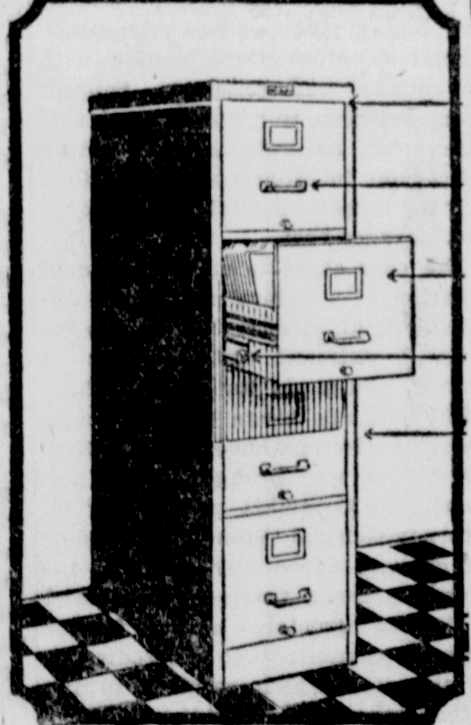

The late Giacomo Puccini was forever looking for his eyeglasses. His wife, that he might give free rein to his genius, therefore invested in a supply. In his study alone there were not less than five sets of glasses, one on the piano, another on his desk, a third on a little table near the fireplace, a fourth on his bookcase, and a fifth on a music rack.

## Lightning and Radio

Lightning is one of the causes of the "static" that worries radio listeners in, though probably not the principal cause, as was formerly supposed, says Nature Magazine. While lightning flashes cause clicking noises in the receiver, the heavier and more troublesome rumbling sounds known as "grinders" are believed to be due to electrical disturbances in the upper atmosphere far above the level of the thunderstorm.

Regarding

High School Bond Issue

Concerning the school problem in Brainerd in answer to the request for information appearing in last night's Daily Dispatch.

There appeared in last night's paper a request for information pertaining to the school building situation in the school building situation of the Brainerd Board of Education.

The article referred to included several questions, very pertinent at this time when a new high school building project is under consideration and a bond issue of \$350,000 is to be voted upon on April 7th.

In-as-much as one of the paragraphs asked for a tabulation of the school population for the past seven years and contained a special request that the answers to questions be confined "strictly to questions asked in order that the public may not become confused," I shall number the questions and try to answer them to the best of my knowledge at the present time.

I will offer the tabulation on school population for the past eight years, taken from our annual reports prepared for the State Department of Education at the end of each school year, and shall be glad to furnish similar figures going back an additional eight years, if desired:

Year	High	School	Grades	Total
1917-18	308	1514	1822	
1918-19	314	1610	1924	
1919-20	325	1605	1930	
1920-21	314	1587	1901	
1921-22	345	1679	2024	
1922-23	429	1846	2275	
1923-24	458	1869	2325	
1924-25 to date	498	1743	2241	

The relatively reduced enrollment in high school from 1920 to 1922 may be partially explained by the absence of a Normal Training Department during those two years and a two teacher Training Department in 1922-1923.

Question No. 1—"Where are the pupils necessary to fill more than half of the Washington building to come from, assuming a transfer of the present high school to a new location?"

Question No. 2—"Explain how the Lowell school, where a real necessity for an addition exists, is to be taken care of."

Question No. 3 is implied, though not worded exactly in the form of a question, in the statement, "If the number of pupils per room is reduced and more teachers hired in order to use the entire building, then the 8 mill proposed tax increase requires a boost." The implied question raised, I infer to mean, "will an 8 mill increase in tax provide necessary relief to crowded rooms?"

I think it will be apparent that intelligent answers to the above questions cannot be given in a few brief sentences or paragraphs. An answer to the first question involves an explanation of the Junior high school program in the state, a plan that is being followed at the present time by nearly all of the cities of Minnesota, having a population of 5,000 or more, and a very large number of the smaller cities.

The Junior high school plan usually groups the 7th, 8th, and 9th grades, sometimes only the 8th and 9th grades, in a separate building, or in a separate part of a building, and handles such groups in much the same way as is followed in the high school proper. This plan necessitates an assembly room, or study room, and departmental teaching. By departmental teaching is meant a special teacher for a special subject instead of a single teacher to a room, teaching all the subjects in a given grade.

The present tendency in Minnesota and in the country generally is decidedly toward the Junior high school plan except in the smaller schools.

It has its advantages and perhaps its disadvantages, but most cities of the size of Brainerd in Minnesota, at least, are accepting the plan and planning their school buildings accordingly.

Now how does this relate to question No. 1?

It would be self evident that in dealing with the question of a new high school building or an adequate high school building by improvement of an old building, one of the two plans, either the customary 4 year high school or the Junior high school idea must be followed. Each visiting architect has raised this question at the first interview.

If the Junior high school plan should be followed, it would seem desirable to hope to have a Junior high school department, ultimately, at least, on each of the two sides of the city, North and South, and one Senior high school, 10th, 11th and 12th grades.

The present high school building might be used for Junior high purposes for the South side or Harrison-Lincoln district.

This would take the 7th and 8th grades from the Harrison school and vacate the two basement rooms. The 7th and 8th grades of the present Washington and Lincoln territory would also be included and this would relieve the crowded Lincoln building. I am not prepared to state off hand just how many pupils on the south side might be included in the 7th, 8th and 9th grades, but the number can be readily secured. As a rough guess, I should estimate it at close to two hundred.

In the year 1910-1911, Sept. to June, the high school enrolled only 180 pupils, with an attendance at any one time of probably not over 165, and at that time it occupied all of the second floor and one room on the first floor, and yet no one seemed to think there was a greatly excessive amount of unoccupied room in the building. Sewing, cooking, and manual training were not installed at that time, and are largely 7th, 8th and 9th grade, or Junior high de-

partments and would continue to occupy room on the first floor, with the exception of the manual training.

A Junior high school requires a laboratory for general science, which is a 9th grade subject. The present physical laboratory is already on the first floor and could be used as a Junior high school laboratory.

The present basement laboratory is undesirable and ought to be abandoned. The high school inspector, Mr. Phillips, advised the board some years ago to spend no more money in trying to improve it, as it was hopeless.

A Junior high school or a combination Junior high and grade building would need a library room, a principal's office, a book room, a rest room for teachers, a lunch room, possibly, and it would seem reasonable to suppose that by the time a new high school building was completed and ready for occupancy, frequently estimated by members of the board at a year and a half to two years, the Harrison and Lincoln grades would have increased some as they have been doing in recent years.

There would undoubtedly be some unoccupied room for a time, as the President of the Board, Mr. LaBar, indicated in his recently published address on the subject of a new building, and it would seem to be desirable that there should be available space for growth, after a large building project. It would make possible the starting of entering classes at the Harrison, Washington, and Lincoln districts at midyear instead of in the spring, which would be the natural time at which to start and complete a unit of work. It would give the Harrison school an equal opportunity in these mid year classes with some of the other sections of the town, which it has not at the present time.

I realize in my effort to answer Mr. Hagberg's question No. 1 that it is an exceedingly difficult question to answer, as he probably intended it to be, particularly with the appended "codicil," cautioning that the question be answered exactly as worded. The expression, "in the question," so as to fill more than one half of the Washington building after the present five hundred high school pupils are transferred" is open to a variety of opinion as to the proper meaning of the term "fill." A strictly grade building requires fewer rooms for a given number of pupils than a high school or Junior high school building. The accessory rooms such as laboratory, library, special industrial rooms and gymnasium, account in part for the difference.

Many people consider thirty pupils per teacher as an ample number in a grade building and the tendency is in that direction, where conditions make it possible. Some people consider thirty-five and forty as a not unreasonable number, and would not be alarmed if even forty-five pupils were crowded into a room. Most teachers know they can do better work and give more individual assistance with thirty pupils than with forty, or even thirty-six.

I have attempted the answer to this question on the assumption of using the present Washington building as a combination building, Junior high and grade building, and of vacating the basement rooms except for manual training purposes.

Above the first floor at the Washington building and including the two good rooms on the third floor there are eight regular sized class rooms and two additional small rooms. This space should afford excellent Junior high school accommodations for a considerable time with the use of the three rooms for Home Economics on the first floor. With some additional grade pupils from the Harrison and Lincoln buildings in addition to the Junior high pupils, by a year or two from the present time and with the addition of possible non-resident pupils, even the first floor ought to be not entirely unoccupied.

In answering question No. 2 concerning relief for the crowded condition at the Lowell school, where Mr. Hagberg states "a real necessity for an addition exists," I desire to offer some information bearing on a prevalent misapprehension.

As things stand at the present time in the school building situation, I agree with Mr. Hagberg that a real necessity for additional room at the Lowell exists but I do not agree with an assumption that a necessity for an addition at the Lowell is any more pressing than at the Harrison or at the Lincoln at the present time. I should rather incline to the opinion that just at present the Lincoln and the Harrison were rather harder pressed and I have frequently so stated to the Board members.

On this point it is desirable to offer a tabulation on building enrollment in order to make clear this point. I herewith present one from our latest report, dated March 27th.

Concerning the tabulation, it includes primary classes at the Lowell

and Lincoln recently entered with the Harrison school without any entering class.

Lowell school—enrolled since Sept. 5th, belonging March 27th, 453 number rooms 14.

Harrison school—enrolled since Sept. 365, belonging March 27th 322, number rooms 10.

Lincoln school—Enrolled since Sept. 373, belonging March 27, 331, number rooms 9.

Whittier school—Enrolled since Sept. 244, belonging March 27th 235, number rooms 9.

In the above tabulation, there is one basement room at the Whittier, one at the Lincoln, and two each at the Harrison and Lowell. By dividing either enrollment for the year or number pupils belonging at each building on March 27th the reader may figure out for himself which building is the most crowded, keeping in mind that the Harrison had no recent entering class.

Under a Junior-Senior high school plan, if a new building were built on the site selected, provision should be made for a small or moderate Junior high school accommodations in connection therewith, or to be used ultimately for such purpose. This would in time take care of 7th and 8th grade pupils from both the Lowell and the Whittier schools. For a few years it might be merely provide for the 8th grade of the Lowell, depending upon conditions there. The opportunity room at the Lowell could well be located in the new building and the State Department of Education very recently, of its own volition and without any solicitation, asked that this be done through the State Inspector in charge of such departments, C. W. Street, stating that this was the approved policy in connection with such room. Such a plan as I have indicated above would afford relief to the Lowell for some time and, if a small wooden addition is later added to the Garfield school, at comparatively small expense, this would furnish additional relief to the Lowell.

Concerning question No. 3, as to whether an 8 mill additional levy for taxes would have to be increased to a larger amount or not, I can only offer an individual opinion, based on the best information I have and I should not care to have any tax payer accept it as more than an opinion. There are many uncertain elements that enter into the financial income problem in Brainerd. The several forms of State Aid are uncertain quantities.

It is my personal opinion that even an 8 mill additional tax over the present maintenance tax levy would hardly be necessary. Just how many mills additional might be necessary, I am not prepared to say.

An Amendment to Senate File 271 of the session laws of 1921, often spoken of locally as the Gross Earnings Refund Measure, might be offered within a few years, omitting the compulsory requirement of a levy of 40 mills for maintenance on such school districts as Brainerd. The requirement seems illogical and such amendment would require merely the elimination of the words "and 40 mills thereafter."

But for the sake of information, let us assume that 8 mills were levied in addition to the required 40 mills for maintenance and see in a general way what the annual income to the Brainerd school district might be, provided the present State Aid Laws remain essentially unchanged.

The State Department has already asked for an appropriation to provide for the payment under the so called Gross Earnings Law, about \$30,000 larger than last year. There is every reasonable probability that an appropriation will be made, as the legislature thus far has followed the recommendation of the Department of Education in this matter. This ought to give the Brainerd school district a larger amount than approximate \$30,000 received last year.

A forty-eight mill tax levy, such as has been suggested, would bring in taxes an approximate income of \$146,880, if all were collected. Add to this the amount received last year under the Gross Earnings Law, \$30,000, and the amount received under the Supplemental Aid Law last year, about \$12,000, I think, and the State Apportionment of from \$12,000 to \$14,000, and the Normal Training and Opportunity Rooms' Aid, amounting to \$5,000, high school tuition paid by the State, \$4500, and Special State Aid for high school and Industrial Departments, together with sale of supplies and high school text book rental, and you have an income considerably in excess of \$200,000.

I believe that \$140,000 is in a general way somewhere near the approximate cost of running the schools as at present, not including extensive permanent improvements—or unusual outlays for new building such as the Garfield, or Riverside schools.

If three or four additional grade

teachers were employed to relieve crowded conditions, such as exist and four such teachers would afford an appreciable relief, the additional cost would be under \$5,000.

There would still be quite a large margin between the expected revenue, under the estimates given above, and I recognize that they are only estimates, and the actual maintenance cost.

These are some of the reasons why I think that less than an 8 mill additional levy would maintain our schools, even though a new high school building were built. This

statement is conditioned however on the present State Aid Laws remaining essentially in operation, as at the present time.

This information has been necessarily prepared in haste, for publication.

I should have much preferred that the financial phase of the question were presented by the President of the Board of Education.

And  
Answers  
Regarding  
High School Bond Issue

Concerning the school problem in Brainerd in answer to the request for information appearing in last night's Daily Dispatch.

There appeared in last night's paper a request for information pertaining to the school building situation in the school building situation being of the Brainerd Board of Education.

The article referred to included several questions, very pertinent at this time when a new high school building project is under consideration and a bond issue of \$350,000 is to be voted upon on April 7th.

In as-much as one of the paragraphs asked for a tabulation of the school population for the past seven years and contained a special request that the answers to questions be confined "strictly to questions asked in order that the public may not become confused," I shall number the questions and try to answer them to the best of my knowledge at the present time.

I will offer the tabulation on school population for the past eight years, taken from our annual reports prepared for the State Department of Education at the end of each school year, and shall be glad to furnish similar figures going back an additional eight years, if desired:

High School Grades	Total
1917-18	308 1514 1822
1918-19	314 1610 1924
1919-20	325 1605 1930
1920-21	314 1587 1901
1921-22	345 1679 2024
1922-23	429 1846 2275
1923-24	456 1869 2325
1924-25 to date	498 1743 2241

The relatively reduced enrollment in high school from 1920 to 1922 may be partially explained by the absence of a Normal Training Department during those two years and a two teacher Training Department in 1922-1923.

Question No. 1—"Where are the pupils necessary to fill more than half of the Washington building to come from, assuming a transfer of the present high school to a new location?"

Question No. 2—"Explain how the Lowell school, where a real necessity for an addition exists, is to be taken care of."

Question No. 3 is implied, though not worded exactly in the form of a question, in the statement, "If the number of pupils per room is reduced and more teachers hired in order to use the entire building, then the 8 mill proposed tax increase requires a boost." The implied question raised, I infer to mean, "will an 8 mill increase in tax provide necessary relief to crowded rooms?"

I think it will be apparent that intelligent answers to the above questions cannot be given in a few brief sentences or paragraphs. An answer to the first question involves an explanation of the Junior high school program in the state, a plan that is being followed at the present time by nearly all of the cities of Minnesota, having a population of 5,000 or more, and a very large number of the smaller cities.

The Junior high school plan usually groups the 7th, 8th, and 9th grades, sometimes only the 8th and 9th grades, in a separate building, or in a separate part of a building, and handles such groups in much the same way as is followed in the high school proper. This plan necessitates an assembly room, or study room, and departmental teaching. By departmental teaching is meant a special teacher for a special subject instead of a single teacher to a room, teaching all the subjects in a given grade.

The present tendency in Minnesota and in the country generally is decidedly toward the Junior high school plan except in the smaller schools.

It has its advantages and perhaps its disadvantages, but most cities of the size of Brainerd in Minnesota, at least, are accepting the plan and planning their school buildings accordingly.

Now how does this relate to question No. 1?

It would be self evident that in dealing with the question of a new high school building or an adequate high school building by improvement of an old building, one of the two plans, either the customary 4 year high school or the Junior high school idea must be followed. Each visiting architect has raised this question at the first interview.

If the Junior high school plan should be followed, it would seem desirable to hope to have a Junior high school department, ultimately, at least, on each of the two sides of the city, North and South, and one Senior high school, 10th, 11th and 12th grades.

The present high school building might be used for Junior high purposes for the South side or Harrison-Lincoln district.

This would take the 7th and 8th grades from the Harrison school and vacate the two basement rooms. The 7th and 8th grades of the present Washington and Lincoln territory would also be included and this would relieve the crowded Lincoln building. I am not prepared to state off hand just how many pupils on the south side might be included in the 7th, 8th and 9th grades, but the number can be readily secured. As a rough guess, I should estimate it at close to two hundred.

In the year 1910-1911, Sept. to June, the high school enrolled only 180 pupils, with an attendance at any one time of probably not over 165, and at that time it occupied all of the second floor and one room on the first floor, and yet no one seemed to think there was a greatly excessive amount of unoccupied room in the building. Sewing, cooking, and manual training were not installed at that time, and are largely 7th, 8th and 9th grade, or Junior high de-

partments and would continue to occupy room on the first floor, with the exception of the manual training.

A Junior high school requires a laboratory for general science, which is a 9th grade subject. The present physical laboratory is already on the first floor and could be used as a Junior high school laboratory.

The present basement laboratory is undesirable and ought to be abandoned. The high school inspector, Mr. Phillips, advised the board some years ago to spend no more money in trying to improve it, as it was hopeless.

A Junior high school or a combination Junior high and grade building would need a library room, a principal's office, a book room, a rest room for teachers, a lunch room, possibly, and it would seem reasonable to suppose that by the time a new high school building was completed and ready for occupancy, frequently estimated by members of the board at a year and a half to two years, the Harrison and Lincoln grades would have increased some as they have been doing in recent years.

There would undoubtedly be some unoccupied room for a time, as the President of the Board, Mr. LaBar, indicated in his recently published address on the subject of a new building, and it would seem to be desirable that there should be available space for growth, after a large building project. It would make possible the starting of entering classes at the Harrison, Washington, and Lincoln districts at midyear instead of in the spring, which would be the natural time at which to start and complete a unit of work. It would give the Harrison school an equal opportunity in these mid year classes with some of the other sections of the town, which it has not at the present time.

I realize in my effort to answer Mr. Hagberg's question No. 1 that it is an exceedingly difficult question to answer, as he probably intended it to be, particularly with the appended "codicil," cautioning that the question be answered exactly as worded. The expression, "in the question," so as to fill more than one half of the Washington building after the present five hundred high school pupils are transferred is open to a variety of opinion as to the proper meaning of the term "fill." A strictly grade building requires fewer rooms for a given number of pupils than a high school or Junior high school building. The accessory rooms such as laboratory, library, special industrial rooms and gymnasium, account in part for the difference.

Many people consider thirty pupils per teacher as an ample number in a grade building and the tendency is in that direction, where conditions make it possible. Some people consider thirty-five and forty as not unreasonable number, and would not be alarmed if even forty-five pupils were crowded into a room. Most teachers know they can do better work and give more individual assistance with thirty pupils than with forty, or even thirty-six.

I have attempted the answer to this question on the assumption of using the present Washington building as a combination building, Junior high and grade building, and of vacating the basement rooms except for manual training purposes.

Above the first floor at the Washington building and including the two good rooms on the third floor there are eight regular sized class rooms and two additional small rooms. This space should afford excellent Junior high school accommodations for a considerable time, with the use of the three rooms for Home Economic on the first floor. With some additional grade pupils from the Harrison and Lincoln buildings in addition to the Junior high pupils, by a year or two from the present time and with the addition of possible non-resident pupils, even the first floor ought to be not entirely unoccupied.

In answering question No. 2 concerning relief for the crowded condition at the Lowell school, where Mr. Hagberg states "a real necessity for an addition exists," I desire to offer some information bearing on a prevalent misapprehension.

As things stand at the present time in the school building situation, I agree with Mr. Hagberg that a real necessity for additional room at the Lowell exists but I do not agree with an assumption that a necessity for an addition at the Lowell is any more pressing than at the Harrison or at the Lincoln at the present time. I should rather incline to the opinion that just at present the Lincoln and the Harrison were rather harder pressed and I have frequently so stated to the Board members.

On this point it is desirable to offer a tabulation on building enrollment in order to make clear this point. I herewith present one from our latest report, dated March 27th. Concerning the tabulation, it includes primary classes at the Lowell

and Lincoln recently entered with the Harrison school without any entering class.

Lowell school—enrolled since Sept. 501, belonging March 27th, 453 number rooms 14.

Harrison school—enrolled since Sept. 365, belonging March 27th 322, number rooms 10.

Lincoln school—Enrolled since Sept. 373, belonging March 27, 331, number rooms 9.

Whittier school—Enrolled since Sept. 244, belonging March 27th 238, number rooms 9.

In the above tabulation, there is one basement room at the Whittier, one at the Lincoln, and two each at the Harrison and Lowell. By dividing either enrollment for the year or number pupils belonging at each building on March 27th the reader may figure out for himself which building is the most crowded, keeping in mind that the Harrison had no recent entering class.

Under a Junior-Senior high school plan, if a new building were built on the site selected, provision should be made for a small or moderate Junior high school accommodations in connection therewith, or to be used ultimately for such purpose. This would in time take care of 7th and 8th grade pupils from both the Lowell and the Whittier schools. For a few years it might be merely provide for the 8th grade of the Lowell, depending on conditions there. The opportunity room at the Lowell could well be located in the new building and the State Department of Education very recently, of its own volition and without any solicitation, asked that this be done through the State Inspector in charge of such departments, C. ## NEW YORK'S MOTOR CAMP AND BRAINERD'S TOURIST CAMP

Now that the tourist season will soon be opened and Brainerd's tourist park thronged as usual, it is of interest to read what other cities are doing in the way of tourist park accommodations, fees and management.

New York City recently established a well appointed tourist camp and the New York Sunday Times gives it extensive mention. The park is a forty-acre tract overlooking the Sound just above Pelham Bay Park. It is known as Camp New York, and has accommodations for 1,000 cars and their occupants. For the use of the camp the charge will be \$1 a day per car, or \$5 per week.

It will have protection by the city police, city water from the Catskills, sanitation under the supervision of the New York City Board of Health and an electric line station at the camp entrance.

Visitors will be accommodated in tents. A large frame community house has been erected on the grounds. There are also a restaurant, a supply house for motor and camping equipment, telephone and telegraph facilities, and plans are being made for moving picture displays.

Many radical changes are being made this year in the management of a large number of popular motor camps throughout the country. The chief nature of these changes is in the abandonment of free accommodations and many other facilities which it is now discovered have been doled out with rather a too generous hand, especially by the large municipal camps established in considerable numbers in the western touring localities.

This generosity to visiting motorists had as its basis local community advertising stimulated by the idea that with free accommodations the visitors would patronize local markets and thus indirectly help to enrich the local tradesmen in return for the comforts so freely granted. There has been within the past year a general checking up to ascertain whether the free camping service reacted to the benefit of the community, and in the majority of cases it was found that the camping motorists accepted very readily the conveniences granted but sometimes contributed very little cash, says the New York Times.

The large free tourist camp at Denver which has been used by thousands of motorists was recently changed to a pay-as-you-enter camp and hundreds of other western camps will adopt that policy this year.

Brainerd's Tourist park last year entered the pay-as-you-enter class and did a tremendous business. Our Tourist park is located on the high east bank of the Mississippi river to the south of the Laurel street bridge and is considered one of the most beautiful parks of its kind in the northwest.

Its conveniences include hot and cold showers, gas ranges, canopy-top tables, electric lights, city water of excellent quality, police protection, two caretakers, caretaker's cottage, laundry tubs, lavatories, sanitation, telephone, long distance telephone booth, wooded grounds, all within two blocks of the court house. Fees are 50 cents per car per day, including gas for cooking. Accommodations for 100 cars, 500 people.

In line with the Tourist park, attention is also called to Lum park, now having an area of 40 acres. It is located on Rice lake in Northeast Brainerd and has splendid grounds for picnicking, fireplaces, large pavilion suitable for dancing and conventions, fishing in season for pike, pickerel and crappies from the dock; bath house, boats, splendid bathing beach fully equipped, refreshment stands, band stand, electric lights, bus service, caretaker and his cottage on the grounds, telephone facilities. There is parking space for 1,000 cars. The fee for private bathroom, towel and suit is 25c and for bathroom only is 15c. Boats are 25c an hour.

As the Elks convention in August will bring many cars to the city, the park board will continue brushing out and clearing up the additional land given the city by Leon E. Lum, thus making Lum park a wonderfully beautiful place. Additional wells will be sunk, said Commissioner Carl Wright.

Gregory park, too, is of interest to tourists in Brainerd. It has beautiful flowers, band stand, playground equipment for children and is an ideal resting spot for tourists. It is not, however, used for camping purposes.

Brainerd Municipal band concerts are given during the summer season and alternate, as a rule, between Gregory and Lum parks. Occasional concerts, it is hoped will also be given by the Brainerd Boys' band and the Brainerd Ladies' band. Brainerd Country club golf links also appeal to summer visitors.

Altogether Brainerd is now well equipped to greet and entertain its ever-increasing tourist trade and to welcome and entertain summer conventions. Brainerd, it is true, is the "Gateway to the 10,000 Lakes," but it has so much charm and beauty that one may well linger at the gateway and enjoy the many recreational facilities here.

## NO COUNTER ATTRACTIONS

THRIFT in the old days did not have so many counter attractions. Not so long ago there were no movies, no Sunday papers, no magazines except Harpers and Godeys, no automobiles, no ever changing styles of clothes, no golf, no beauty parlors, no permanent waves, no complexion powder, no jazz music, no lake vacations, etc.

The butcher used to throw in a piece of liver when one bought a bologna sausage. The storekeeper gave you a potato as a cork for your kerosene can. Kids walked four miles or more to school without a whimper.

The favorite winter sport was sticking your tongue to the cold handle of the pump. "Them" days are gone.

THE court at Atlantic City, N. J., has decided the fire chief can call out his men for fires, but he cannot compel them to attend church. A fireman had been fined \$5.72 for failure to attend memorial services in the First Presbyterian church, carried it to a higher court and got his money back.

INFECTED teeth, it is claimed, may cause all kinds of ills ranging from insanity to corns.

THE investigators in the Shepherd case are evidently leaving no bones unturned.

MANY a family is spending its pay check before it is received.

## Variety of Food in China

Vegetables are used much more freely by the Chinese people than by the Americans. In addition to the common ones, such as potatoes, spinach, cabbage, radishes, and the like, many plants and weeds are eaten which are not usually considered as food in America. Thus radish leaves, shepherd's purses, bamboo sprouts and a large number of seaweeds are used as food.

## Remarkable Compliment

Dr. Lyman Abbott, speaking of Jenny Lind's singing, said "It was impossible to doubt the Resurrection while she was singing 'I Know That My Redeemer Liveth'."

## Effective Duster

You can make a duster that is invaluable for fine furniture by saturating a piece of cheesecloth in kerosene oil and hanging it out in the sunlight to dry.

## Bacilli

The largest bacillus recorded is about 1-500 of an inch long and 1-5,000 of an inch wide, while the smallest known form has an average size of 1-50,000 of an inch by 1-125,000.

## Saw Economy

Circular saws in common use put 36,666,666 cubic feet more in the nation's sawdust pile than bandsaws would put there if they were used.

SALTS FINE FOR  
ACHING KIDNEYS

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flush to dry.

ing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug

store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.—Advt.

## Where to Worship Sunday

"Our heart must be in our religion, and our religion in our heart, or else it is a most tedious and unprofitable hypocrisy."

**Peoples Congregational Church**  
N. P. Olmsted, Minister  
Sunday school, 10.  
Christian Endeavor, 6:45.  
Evening service, 7:30.  
Prayer meeting, 7:30 Thursday evening.

**Swedish Bethany Church**  
Morning worship at 10:30 a. m.  
Sunday school at 12 noon.  
Christian Endeavor at 6:30 p. m.  
Evening service at 7:30 p. m.  
Thursday evening Bible study and prayer meeting.  
P. G. Fallquist, Minister.

**First Congregational Church**  
N. P. Olmsted, Minister  
Church school, 9:30.  
Morning worship, 10:45. "The Urge of Love."  
Pastor's class, Monday, 4.  
Bible study, Tuesday, 7:30.

**Norwegian-Danish Lutheran Church**  
9:30—Sunday school.  
9:45—Bible class.  
10:30—Divine service, Norwegian language.  
Confirmation class every Saturday afternoon at 1:30 o'clock.

**Zion Lutheran Church**  
Missouri Synod  
(Corner Main and Broadway)  
10:30 a. m.—Divine services.  
2 p. m.—English Lenten services.  
Religious instruction for children every Friday at 1:30 p. m.  
P. C. Rathert, Pastor.

**First Methodist Church**  
Morning worship, 10:30 A. M.  
Church school, 12 M.  
Evening worship, 7:45 P. M.  
Church night, Thursday 6:30 P. M.

**Bethlehem Lutheran Church**  
Seventh Street South  
10 A. M.—Sunday school.  
11 A. M.—Rev. R. Hanson will preach, using the Norwegian language.  
7:45—Rev. M. A. Daly will preach. Subject: "Why Was Christ Condemned?"

**The Bethlehem Evangelical Church**  
(Corner Main and Bluff)  
J. H. Bollens, Pastor  
German service, 10:30.  
Sunday school, 11:30.  
Everyone is invited to attend the Lenten services on Wednesday evening at 8 o'clock in the American language.

**Swedish Baptist Church**  
10:30—Morning worship (Swedish).  
11:45—Sunday school with classes for all ages.  
7—B. Y. P. U. meeting.  
7:45—Evening service (English). The church choir will sing two anthems. Come and worship with us.  
A. Paulson, Pastor.

**Clara Lutheran Church**  
August Samuelson, Pastor  
Services (Swedish) 10:30. Vocal

## CHOOSE EMPLOYEES CAREFULLY

Employers look to Dakota Business College, Fargo, for well-trained office help, just as pupils look to it for situations. Incapable "help" is costly. That's why big firms like Standard Oil Co., Ford Motor Car Co., International Harvester Co., etc., engage "Dakotans". These efficient young people start in minor positions, earn quick promotions, develop into capable, well-paid executives. Hundreds are branch managers, cashiers, auditors, etc.

Employers! Students! Watch results and "Follow the Success!" Write F. L. Watkins, Pres., 806 Front St., Fargo.

## For BILIOUSNESS

Use **BEECHAM'S PILLS** for the relief of Constipation, Biliousness, Sick Headache and for moving the Bowels. Helps clear the skin. Contains no Opiates! Buy from your druggist. 25c and 50c the box.

**BEECHAM'S PILLS**

solo by Miss Marie Saterene. Sunday school, 12.  
Lenten services (English), 7:30.  
Two selections by the choir. Vocal duet by Mrs. F. E. Heden and Miss Marie Saterene.  
Choir rehearsal on Monday evening.

Thursday afternoon the ladies' aid will be entertained in the church parlors by Mrs. Aaron Johnson and Mrs. Alfred Erickson.  
In the evening the Luther League will meet. Particulars later.  
Beginning Sunday, April 4th, the Sunday school will be held from 9:30 to 10:30.

**First Presbyterian Church**  
Alexander G. Patterson, Pastor  
9:30—Our Primary.  
10:30—"All For Me." Church quartet will sing.  
12 M.—Main school.  
3—Junior C. E.  
6:30—Intermediate C. E.  
7:30—"The Tryout." The church chorus will sing. Opening song service.

**St. Francis Catholic Church**  
402 North 9th St.  
Sunday services—  
First Mass, 7:45 a. m.  
Second Mass, 9 a. m.  
High Mass, 10 a. m.  
Holy Hour, 7:30 p. m.  
Baptisms, 1:30 to 2 p. m.  
Instructions at all services.  
Rev. Fr. James Hogan, pastor.  
Rev. Fr. Walter Remmis, assistant pastor.

**Alliance Gospel Hall**  
(Over Hewitt's Cafe)  
Services every Sunday at 3 and 8 P. M.  
Bible studies on Wednesday and Friday evenings are discontinued as pastor is out of town holding evangelistic meetings. Pastor will be in for Sunday afternoon services and will arrange for some other speaker for Sunday evening.  
Everybody welcome.

**Christian Science Society**  
Services are held in Iron Exchange Hall, Iron Exchange Building.  
Sunday Service at 11 A. M.  
Topic: "Reality."  
Sunday school, 10 A. M.  
Wednesday evening Service, 8 P. M.  
Reading Room at 211 Iron Exchange Bldg. open daily from 2:30 All are welcome.

**The Evangelical Church**  
Sunday school at 9:45.  
Missionary instruction will be given

en at the close of the Sunday school hour by Mrs. Johnson. A missionary offering will also be taken at this time.

Morning worship at 11.  
Junior and Senior E. L. C. E. at 7:15.  
Evening worship at 8.  
L. F. Strothman, Pastor.

**First Baptist Church**  
Sunday school at 9:45.  
Morning worship at 11 o'clock.  
Sermon: "A Growing Life."  
B. Y. P. U. at 6:45.  
Evening service at 7:45. Sermon: "What Christ Can Do."  
Mid-week service Thursday evening at 7:45.

A man who cannot make up his mind, usually has but little mind to make up. Be sure that there are no regrets which follow you when you make up your mind about responsibility to God.

The Church of the Cordial Welcome.

**The Salvation Army**  
Holiness meeting, Sunday 10 a. m.  
Sunday school and Bible class, 2 p. m.  
Corps Cadet class, 3 p. m. (Only for cadets.)  
Young People's meeting, 6:30 p. m.

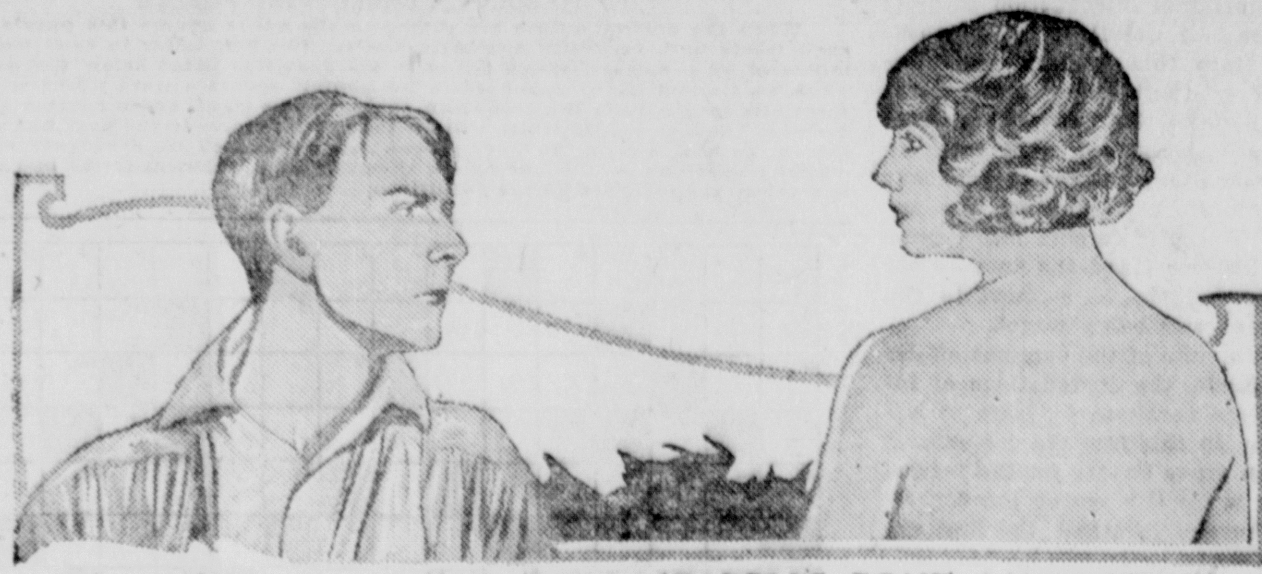

Open air meeting, 7:30 p. m.  
Public salvation meeting for all, 8 p. m.

**Week Meetings**  
Tuesday, Soldiers' meeting, 8 p. m.  
Thursday, open air meeting, 7:30.  
Inside, 8 p. m. Home League, 2-4 p. m. (Every other week.)  
Saturday, open air meeting, 7:30.  
Public praise inside, 8 p. m.  
All are welcome!  
Commandant and Mrs. R. Martin in charge.

**St. Paul's Episcopal Church**  
The following services will be held on Sunday next—Passion Sunday—and during the coming week:  
Sunday, March 29th—  
Sunday school at 10 a. m.  
Evening prayer and sermon at 7:30 p. m.  
No morning service.  
Thursday, April 2nd—  
Litany and Penitential Office at 10 a. m.  
Evening prayer and sermon at 7:30 p. m.

A cordial invitation to members and friends to attend the above services. The subject of the sermon on Sunday evening will be, "Christ Our Example in Suffering."  
W. M. Walton, Rector.

**Regicide Fought Indians**  
William Goffe, one of the judges who condemned King Charles I to death, came to New England after the restoration of the monarchy in England, and took part in the Indian warfare in western Massachusetts.

Percy Marmont and Sally Long in "DADDY'S GONE A-HUNTING"

Alice Joyce—Percy Marmont in "Daddy's Gone A-Hunting"

Alice Joyce and Percy Marmont will be seen at Lyceum Sunday and Monday in Frank Borzage's film version of "Daddy's Gone A-Hunting," the famous stage play by Zoe Akins.

This picturization, holding closely to the original plot of the drama which brought new fame to Marjorie

Rambeau behind the footlights, is the first of a series of pictures Borzage is to produce for Metro-Goldwyn Mayer.

It is the story of an artist's search for freedom and happiness, and has been brought to the screen with a combination of the drab life of New York's Harlem flats and the brilliant picturesque luxury of Fifth Avenue

and Paris.

Mr. Marmont is Julian, the artist, and Alice Joyce makes Edith, her second venture since returning to motion pictures, one of the finest characterizations of her distinguished career. Virginia Marshall plays Janet, their daughter, the love for whom finally brings Julian to a realization that Edith's worship is the

RIN-TIN-TIN featured in "FIND YOUR MAN"

A WARNER BROS. CLASSIC OF THE SCREEN

this fact is growing a curiosity to know how the police dog is trained for duty in police cities, as well as for the movies.

When in training, the dog is not permitted to see anybody except his trainer, who must teach him absolute obedience. The dog must learn to distinguish between commands and respond immediately. If the trainer wishes to teach the dog to pick up a ball and bring it to him, he will give the command, "bring the ball," then lead the dog over to the ball, open his jaws and close them over the ball. He will then walk away and call the dog. He will have to repeat this action several times each day, using the same command. Eventually, when the dog hears "Bring the ball," he will get the ball and bring it to his trainer immediately.

In this way, by teaching a dog to understand commands, he can be taught to do most anything. A well trained police dog can jump tremendous heights. He can hunt vagabonds, guard an object, keep individuals at bay without biting them until human help comes, and attack if necessary. He is taught not to be afraid of firearms.

A very important part of the train-

most wonderful inspiration and most priceless thing in life.

Ford Sterling, noted comedian, plays Oscar, a French artist, and Helena d'Algy, former leading lady to Rudolph Valentino, is Olga, a Russian pianist in this new Borzage picture.

The Arcadian Orchestra has been engaged to play on Sunday night only.

ing is to establish an understanding between the dog and his trainer. When this is accomplished, the rest is easy. The dog will reflect the mood of his master. That is how the dog can display such emotion in his acting. His master or trainer tries to feel the emotions he wants the dog to express, and the dog, watching him, will fall into the same mood. That is the biggest secret of the success of a dog actor.

Rin-Tin-Tin, the well known Belgian police dog which was brought over here from the firing line in France, is an example of perfect training and unusual intelligence. His latest picture, "Find Your Man," will be the feature at the New Park on Sunday and Monday.

## Four Big Vaudeville Acts at New Park Tonight

The New Park will present four big vaudeville acts and the feature picture "The Empty Cradle," with Mary Alden tonight.

## "His Own Stuff"

Tokyo, March 28.—Max Mallin, an American "Houdini" artist, found Korean jails too strong for him to attempt to "do his stuff" when he was arrested recently at a small village on a charge that his passport was not properly vided. He was detained for several hours before the local officer decided his credentials were in proper form.

## Volccho Camp

Honolulu, March 28.—A naval recreation camp a short distance from the active volcano Kilauea has been approved by the navy department. Construction work starts this spring. The site is one of the most beautiful in the Hawaiian Islands.

### CHOOSE EMPLOYEES CAREFULLY

Employers look to Dakota Business College, Fargo, for well-trained office help, just as pupils look to it for situations. Incapable "help" is costly. That's why big firms like Standard Oil Co., Ford Motor Car Co., International Harvester Co., etc., engage "Dakotans". These efficient young people start in minor positions, earn quick promotions, develop into capable, well-paid executives. Hundreds are branch managers, cashiers, auditors, etc.  
Employers! Students! Watch results and "Follow the Successes". Write F. L. Watkins, Pres., 806 Front St., Fargo.

### For BILIOUSNESS

Use **BEECHAM'S PILLS** for the relief of Constipation, Biliousness, Sick Headache and for moving the Bowels. Helps clear the skin. Contains no Calomel.  
Buy from your druggist. 25c and 50c the box.

**BEECHAM'S PILLS**

solo by Miss Marie Saterene.  
Sunday school, 12.  
Lenten services (English), 7:30.  
Two selections by the choir. Vocal duet by Mrs. F. E. Hedeon and Miss Marie Saterene.  
Choir rehearsal on Monday evening.

Thursday afternoon the ladies' aid will be entertained in the church parlors by Mrs. Aaron Johnson and Mrs. Alfred Erickson.  
In the evening the Luther League will meet. Particulars later.  
Beginning Sunday, April 4th, the Sunday school will be held from 9:30 to 10:30.

↑ ↑ ↑  
**First Presbyterian Church**  
Alexander G. Patterson, Pastor  
9:30—Our Primary.  
10:30—"All For Me." Church quartet will sing.  
12 M.—Main school.  
3—Junior C. E.  
6:30—Intermediate C. E.  
7:30—"The Tryout." The church chorus will sing. Opening song service.

Sunday, March 29th—  
Sunday school at 10 a. m.  
Evening prayer and sermon at 7:30 p. m.

No morning service.  
Thursday, April 2nd—  
Liturgy and Penitential Office at 10 a. m.  
Evening prayer and sermon at 7:30 p. m.  
A cordial invitation to members and friends to attend the above services. The subject of the sermon on Sunday evening will be, "Christ Our Example in Suffering."  
W. M. Walton, Rector.

**Regicide Fought Indians**  
William Goffe, one of the judges who condemned King Charles I to death, came to New England after the restoration of the monarchy in England, and took part in the Indian warfare in western Massachusetts.

Percy Marmont and Sally Long in "DADDY'S GONE-A-HUNTING"

Alice Joyce—Percy Marmont in "Daddy's Gone A-Hunting"  
Alice Joyce and Percy Marmont will be seen at Lyceum Sunday and Monday in Frank Borzage's film version of "Daddy's Gone A-Hunting," the famous stage play by Zoe Akins. This picturization, holding closely to the original plot of the drama which brought new fame to Marjorie

Rambeau behind the footlights, is the first of a series of pictures Borzage is to produce for Metro-Goldwyn Mayer.  
It is the story of an artist's search for freedom and happiness, and has been brought to the screen with a combination of the drab life of New York's Harlem flats and the brilliant picturesque luxury of Fifth Avenue

and Paris.  
Mr. Marmont is Julian, the artist, and Alice Joyce makes Edith, her second venture since returning to motion pictures, one of the finest characterizations of her distinguished career. Virginia Marshall plays Janet, their daughter, the love for whom finally brings Julian to a realization that Edith's worship is the

RIN-TIN-TIN featured in "FIND YOUR MAN"  
A WARNER BROS. CLASSIC OF THE SCREEN

More and more is the police doggaining in popular favor, and with

this fact is growing a curiosity to know how the police dog is trained for duty in policing cities, as well as for the movies.

When in training, the dog is not permitted to see anybody except his trainer, who must teach him absolute obedience. The dog must learn to distinguish between commands and respond immediately. If the trainer wishes to teach the dog to pick up a ball and bring it to him, he will give the command, "bring the ball," then lead the dog over to the ball, open his jaws and close them over the ball. He will then walk away and call the dog. He will have to repeat this action several times each day, using the same command. Eventually, when the dog hears "Bring the ball," he will get the ball and bring it to his trainer immediately.

In this way, by teaching a dog to understand commands, he can be taught to do most anything. A well trained police dog can jump tremendous heights. He can hunt vagabonds, guard an object, keep individuals at bay without biting them until human help comes, and attack if necessary. He is taught not to be afraid of firearms.

A very important part of the train-

most wonderful inspiration and most priceless thing in life.

## INSECT ALLIES MUST FIGHT TO SAVE OUR FOOD

WITHOUT THEIR AID MAN  
WOULD LOSE THE STRUGGLE  
FOR EXISTENCE

NECESSARY TO IMPORT NA-  
TURAL ENEMIES OF  
THE PESTS

By DALE VAN EVERY  
(United Press Staff Correspondent)  
Washington, March 28.—In the  
war against insects the Department  
of Agriculture is man's general staff,  
with scientists as field marshals and  
entomologists as general officers, and  
the war is waged with every scienti-  
fic method of frightfulness that can  
be devised.

The insect enemy is assailed with  
every variety of poison, is starved,  
his winter quarters destroyed, is sur-  
rounded and cut off from his base,  
while every ally, parasites, carnivor-  
ous insects, birds, snakes and lizards  
is engaged to assist man in his bat-  
tle.

But the general staff can only plan  
and direct. Against an enemy so  
numerous the general staff must have  
an army. In this army the depart-  
ment enlists farmers, children,  
housewives, and everyone who can  
be persuaded to help. Farmers are  
educated to realize the serious finan-  
cial losses caused annually by pests  
and then taught how to combat  
them. Children are enlisted in the  
cause and taught to become bug kill-  
ers. Housewives are urged to fight  
the pests which infest their gardens.

But in the long run man can not  
successfully combat his unbelievably  
numerous enemy. Airplanes may be  
resorted to spray miles of cotton  
fields with poison but boll weevils  
continue to flourish. Millions may  
be killed, but other millions, secreted  
in hiding places, continue to de-  
stroy cotton. The only outstanding  
success ever won by man in fighting  
serious insect pests have been won  
by the use of insect allies.

The boll weevil, withstanding all  
man-made attacks, is routed again  
and again by parasites, ants, and  
other tiny enemies who seek it out  
on its own plane, destroying in a  
year immeasurably more weevils  
than man destroys with all his intel-  
ligence and machinery.

**Hunting Parasites**  
In this phase is the romance of  
the department's work. It has  
scientists searching the remotest cor-  
ners of the earth for parasites and  
insects which may be brought to the  
United States to fight pests here.  
Bugs discovered possibly in the wilds  
of interior Asia or Africa are care-  
fully transported to America and

planted in the hope they may de-  
velop into killers of other insects.  
The original introduction of pests  
like the boll weevil or the Japanese  
beetle into this country was acci-  
dental and the strange insects flour-  
ished because their natural enemies  
were not introduced with them to  
keep them down. The department  
is constantly searching for the nat-  
ural enemies of foreign insect pests  
and whenever found the enemies are  
brought here to be enlisted in the  
continual war being waged.

But in spite of the supreme efforts  
being made, the depredations of in-  
sect pests continue to increase an-  
nually. In this fact the department  
sees the grave danger for the future.  
And it is for this reason the depart-  
ment hurries to attack the first ap-  
pearance of new insects in this coun-  
try, anxious to subdue them before  
they become such a menace as the  
boll weevil became.

## PRaise 10,000 LAKES ASSOCIATION

St. Paul, March 27.—The activities  
of the Minnesota Ten Thousand  
Lakes association was warmly en-  
dorsed Wednesday night by the Cap-  
itol City Sportsmen's association.

Resolutions adopted at the meet-  
ing at Labor temple attended by  
about 400 sportsmen, not only en-  
dorsed the work of the Lakes asso-  
ciation, but urged Ramsey county  
members of the legislature to sup-  
port the association's request for an  
increased appropriation for the next  
two years.

A skirt is a garment which always  
seems to be too long, too short, too  
tight, or too something.—Kalamazoo  
Gazette.

Lively's stock of Ford parts is com-  
plete in every detail. Open day and  
night. 981f

**"Fresh" Eggs in France**  
When is an egg fresh? After three  
days' deliberation, which shows how  
serious the question is, a French court  
has decided that an egg is fresh when  
it is not more than two weeks old in  
summer or more than three weeks old  
in winter. Hereafter eggs in France  
will bear in red ink the date when  
they were laid.—Youth's Companion.

## TODAY'S DISPATCH CROSS WORD PUZZLE

HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will  
spell words both vertically and horizontally. The first letter in each word is  
indicated by a number, which refers to the definition listed below the puzzle.  
Thus No. 1 under the column headed "horizontal" defines a word which will fill  
the white spaces up to the first black square to the right, and a number under  
"vertical" defines a word which will fill the white squares to the next black one  
below. No letters go in the black spaces. All words used are dictionary words,  
except proper names. Abbreviations, slang, initials, technical terms and obso-  
lete forms are indicated in the definitions.

(© by Western Newspaper Union.)

Horizontal.

- 1—Baby walk
- 2—Eat
- 3—Grain pits
- 12—Liquor
- 13—Meter
- 16—Worthless leaving
- 17—Adverb
- 18—Boasts
- 19—Regrets
- 20—Early English (abbr.)
- 22—Sprinkle
- 25—Dried plums
- 28—Annoys
- 31—Dry
- 32—Naughty!
- 34—Taken supper
- 35—So be it
- 36—Is pendant
- 38—Style
- 40—Science degree (abbr.)
- 41—Ireland
- 42—Nevada town
- 43—Belongs to
- 44—A race
- 46—Small bird
- 48—Sulk
- 50—Ages
- 52—Rested
- 53—Present condition (two words)
- 54—Kind of wafer
- 56—Modes
- 58—In essence but not in fact
- 61—in the place
- 63—Cipher
- 64—Perform on
- 65—Pronoun
- 67—Dandy
- 69—Plots again
- 71—Garden implement
- 72—Briny drops
- 73—Beyond
- 74—General course

Vertical.

- 1—Throat disease
- 2—Go quickly
- 3—Printer's measure
- 4—Analyzed
- 5—Scandinavian myth
- 6—Not down
- 7—Saucy
- 8—Metrical measure (pl.)
- 9—Behold!
- 10—Mineral rock
- 11—Stalks
- 14—Short sleeps
- 15—Fat
- 21—Preserve
- 23—One of a pair
- 24—Catch sight of
- 26—Wanderer
- 27—Biblical city
- 29—Post mortem operation
- 30—Marry
- 32—Temples
- 33—Bird with prized feathers
- 35—Beast of burden
- 36—A truncated roof
- 37—Pope's office
- 39—Next
- 45—Arabian
- 47—Exorcism

- 65—Product of electrical decomposi-  
tion
- 68—Father
- 70—Behold!
- 71—Pronoun

Solution will appear in next issue.

# Which will be you?

three months from now

TODAY both overalls look just about alike to you. You  
see them on the counter—new, comfortable and sturdy  
looking. It's really hard to tell which one should cost  
more than the other.

But look ahead three months from now. You're going to give  
them some rough treatment during that time. They'll get  
dirty and they'll be washed.

How will they look then? Will they still fit comfortably?  
Will they be a nice, bright blue? Will they be free from rips  
caused by strains that the cloth should have withstood.

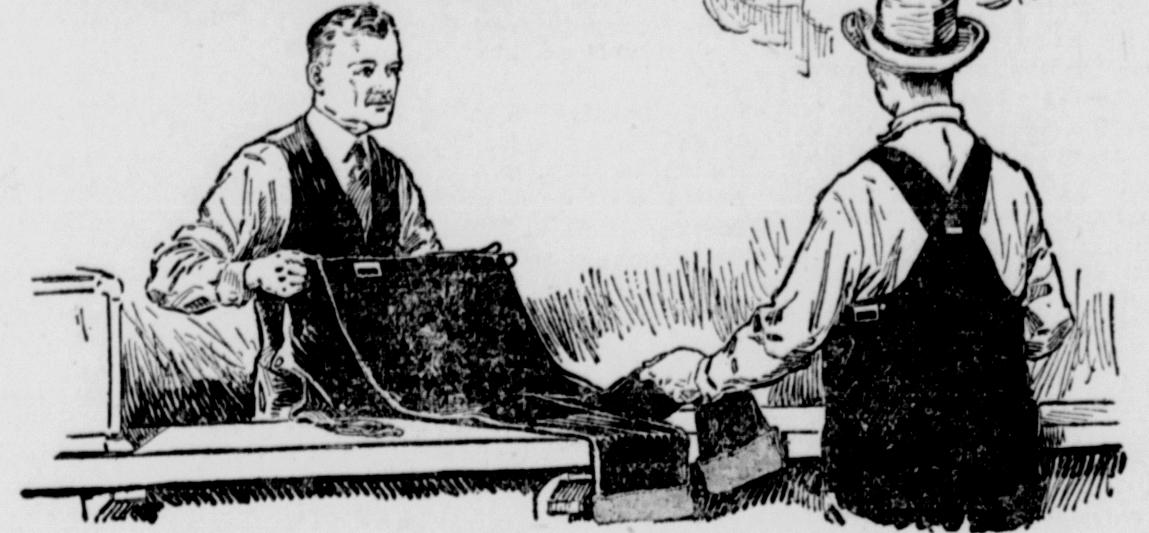

Think of these things when you buy the overall, instead of  
regretting them months later when it's too late.

The extra strength and longer wear that are in the heavy  
EIGHT OUNCE CLOTH of which only Oshkosh B'Gosh  
Overalls are made is one reason why you may be sure the  
overall will look as good to you next month as it does today  
and fit as well.

The other reason is the famous Oshkosh B'Gosh guarantee—  
"They MUST make good or we will," which means exactly  
what it says. When next you buy, INSIST on Oshkosh  
B'Gosh. Shift the responsibility to us.

# INSECT ALLIES MUST FIGHT TO SAVE OUR FOOD

WITHOUT THEIR AID MAN  
WOULD LOSE THE STRUGGLE  
FOR EXISTENCE

NECESSARY TO IMPORT NA-  
TURAL ENEMIES OF  
THE PESTS

By DALE VAN EVERY  
(United Press Staff Correspondent)  
Washington, March 28.—In the  
war against insects the Department  
of Agriculture is man's general staff,  
with scientists as field marshals and  
entomologists as general officers, and  
the war is waged with every scienti-  
fic method of frightfulness that can  
be devised.

The insect enemy is assailed with  
every variety of poison, is starved,  
his winter quarters destroyed, is sur-  
rounded and cut off from his base,  
while every ally, parasites, carnivor-  
ous insects, birds, snakes and lizards  
is engaged to assist man in his bat-  
tle.

But the general staff can only plan  
and direct. Against an enemy so  
numerous the general staff must have  
an army. In this army the depart-  
ment enlists farmers, children,  
housewives, and everyone who can  
be persuaded to help. Farmers are  
educated to realize the serious finan-  
cial losses caused annually by pests  
and then taught how to combat  
them. Children are enlisted in the  
cause and taught to become bug kill-  
ers. Housewives are urged to fight  
the pests which infest their gardens.

But in the long run man can not  
successfully combat his unbelievably  
numerous enemy. Airplanes may be  
resorted to spray miles of cotton  
fields with poison but boll weevils  
continue to flourish. Millions may  
be killed, but other millions, secret-  
ed in hiding places, continue to de-  
stroy cotton. The only outstanding  
success ever won by man in fighting  
serious insect pests have been won  
by the use of insect allies.

The boll weevil, withstanding all  
man-made attacks, is routed again  
and again by parasites, ants, and  
other tiny enemies who seek it out  
on its own plane, destroying in a  
year immeasurably more weevils  
than man destroys with all his intel-  
ligence and machinery.

Hunting Parasites  
In this phase is the romance of  
the department's work. It has  
scientists searching the remotest cor-  
ners of the earth for parasites and  
insects which may be brought to the  
United States to fight pests here.  
Bugs discovered possibly in the wilds  
of interior Asia or Africa are care-  
fully transported to America and

planted in the hope they may de-  
velop into killers of other insects.  
The original introduction of pests  
like the boll weevil or the Japanese  
beetle into this country was acci-  
dental and the strange insects flour-  
ished because their natural enemies  
were not introduced with them to  
keep them down. The department  
is constantly searching for the nat-  
ural enemies of foreign insect pests  
and whenever found the enemies are  
brought here to be enlisted in the  
continual war being waged.

But in spite of the supreme efforts  
being made, the depredations of in-  
sect pests continue to increase an-  
nually. In this fact the department  
sees the grave danger for the future.  
And it is for this reason the depart-  
ment hurries to attack the first ap-  
pearance of new insects in this coun-  
try, anxious to subdue them before  
they become such a menace as the  
boll weevil became.

## PRaise 10,000 LAKES ASSOCIATION

St. Paul, March 27.—The activities  
of the Minnesota Ten Thousand  
Lakes association was warmly en-  
dorsed Wednesday night by the Cap-  
itol City Sportsmen's association.

Resolutions adopted at the meet-  
ing at Labor temple attended by  
about 400 sportsmen, not only en-  
dorsed the work of the Lakes as-  
sociation, but urged Ramsey county  
members of the legislature to sup-  
port the association's request for an  
increased appropriation for the next  
two years.

A skirt is a garment which always  
seems to be too long, too short, too  
tight, or too something.—Kalamazoo  
Gazette.

Lively's stock of Ford parts is com-  
plete in every detail. Open day and  
night.

"Fresh" Eggs in France  
When is an egg fresh? After three  
days' deliberation, which shows how  
serious the question is, a French court  
has decided that an egg is fresh when  
it is not more than two weeks old in  
summer or more than three weeks old  
in winter. Hereafter eggs in France  
will bear in red ink the date when  
they were laid.—Youth's Companion.

## TODAY'S DISPATCH CROSS WORD PUZZLE

### HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will  
spell words both vertically and horizontally. The first letter in each word is  
indicated by a number, which refers to the definition listed below the puzzle.  
Thus No. 1 under the column headed "horizontal" defines a word which will fill  
the white spaces up to the first black square to the right, and a number under  
"vertical" defines a word which will fill the white squares to the next black one  
below. No letters go in the black spaces. All words used are dictionary words,  
except proper names. Abbreviations, slang, initials, technical terms and obso-  
lete forms are indicated in the definitions.

# Which will be you?

three months from now

TODAY both overalls look just about alike to you. You  
see them on the counter—new, comfortable and sturdy  
looking. It's really hard to tell which one should cost  
more than the other.

But look ahead three months from now. You're going to give  
them some rough treatment during that time. They'll get  
dirty and they'll be washed.

How will they look then? Will they still fit comfortably?  
Will they be a nice, bright blue? Will they be free from rips  
caused by strains that the cloth should have withstood.

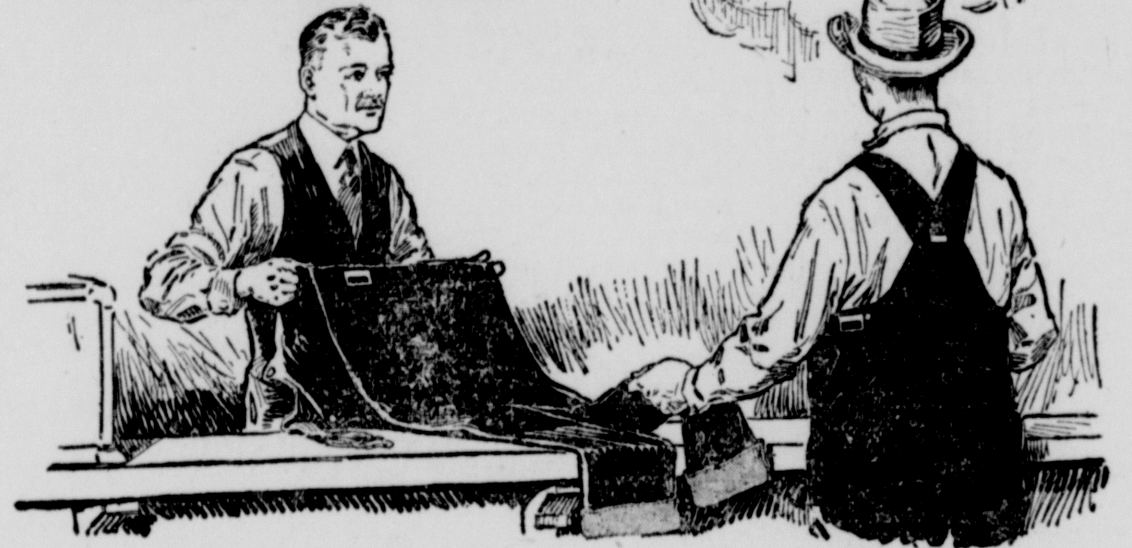

Think of these things when you buy the overall, instead of  
regretting them months later when it's too late.

The extra strength and longer wear that are in the heavy  
EIGHT OUNCE CLOTH of which only Oshkosh B'Gosh  
Overalls are made is one reason why you may be sure the  
overall will look as good to you next month as it does today  
and fit as well.

The other reason is the famous Oshkosh B'Gosh guarantee—  
"They MUST make good or we will," which means exactly  
what it says. When next you buy, INSIST on Oshkosh  
B'Gosh. Shift the responsibility to us.

## GLADIOLI CAMPAIGN SOON CONCLUDED

Buy Your Quota Now While You Have the Opportunity

### AVOID DISAPPOINTMENT

Very Low Prices For The Bulbs Secured by Public Spirited Citizens

"Let there be no regrets when the gladioli campaign closes," is the closing word of warning from the committee in charge of the sale of bulbs. Last fall there were many disappointed, who failed to place their peony orders until it was too late, and it is hoped that this condition will not be repeated after the gladioli campaign closes.

"The very low prices on the gladioli bulbs were secured by public spirited citizens who personally selected these bulbs after an extensive correspondence with the best growers of the country. They are cheap in price; high grade stock, and if the residents of the city will cooperate Brainerd has never been more beautiful than it will be when these gladioli blooms, and the August flower show should be the most attractive event of the entire summer," is the word of those in charge of the campaign.

Order will be received on Monday by those whose names were published in the Dispatch on Thursday. It has been urged that each resident plant beds of at least 100 bulbs. If this is not possible, it is hoped that no one will plant less than 25 bulbs.

### NAMED COUNTY CHAIRMAN

Mrs. M. J. Reis to Stimulate Interest in Women's Department, Norse-American Centennial

Mrs. M. J. Reis has been appointed county chairman of the Norse-American centennial to be held at the Minnesota state fair grounds, June 6, 7, 8 and 9.

Her work will be to stimulate interest in the woman's department of the centennial, especially the exhibit of arts and crafts.

Mrs. Reis wishes to say to anyone of Norwegian descent, who lives in the county and owns such articles as weaving, tapestries, embroidery, wood carving, relics and curios, such as old brasses, copper, jewelry, silver and china, that they wish to lend to the committee for exhibit at the centennial, that they communicate with her at an early date, at 294 South Seventh street, Brainerd.

### LODGE DANCE

Unity Lodge and Rushworth Encampment Entertain This Evening

Unity Lodge No. 194 and Rushworth Encampment No. 19, I. O. O. F., will entertain their families and members of Florence Rebekah lodge No. 111, at a dancing party, to be given in their hall this evening at 9 o'clock.

The Encampment will hold a business session preceding the party, to transact routine business, but promises to be through and have the decks cleared for action by the hour set for dancing.

Good music has been procured, the latest dance hits will be rendered, and refreshments will be served during the evening. All members of the above orders are urged to be present and assist in making this event a big success.

## STAFF CAPTAIN CHESHAM COMING

General Secretary, Northern Division, Salvation Army to Visit Brainerd

### SERVICES SATURDAY, SUNDAY

Is Talented Speaker and Musician; Meetings to be Most Interesting

Staff Captain A. E. Chesham, of Minneapolis, the general secretary for the northern division of the Salvation Army, will visit Brainerd and conduct his meetings at the local barracks to-night and Sunday. The staff captain is a man of many years experience in Salvation Army work, is a good singer and speaker. As a musician he plays the concertina, so interesting and successful gatherings are anticipated throughout the week end.

One of the many interesting things in connection with the staff captain's visit will take place on Sunday evening when he expects to give a baby away.

Open air meetings will be a feature throughout the week end as the weather will be favorable for people to stand. The order of services will be: Saturday, 7:30 p. m., open air service; 8:00 p. m., praise service; Sunday, 10 a. m., open air service; 10:30, Holiness; 2 p. m., Sunday school; 3:15, open air service; 6:15, Y. P. L.; 7:00, open air service; 7:30, salvation meeting. Everyone is welcome.

### Nitterauer Funeral

The remains of Miss Gladys Nitterauer, accompanied by her parents, arrived from Chicago this afternoon. The funeral will be held on Monday afternoon at 2 o'clock from the Methodist church, Rev. E. A. Cooke officiating, and interment will be made in Evergreen cemetery.

## ROADS FINE FOR SUNDAY TOURING

Main Roads of the County Are Generally Good, Says County Highway Engineer

### FINE WEATHER IS PROMISED

A. W. Moulster, State Highway Maintenance Engineer, Also Gives Information

Main roads throughout the county are generally good, is the report given out by the state and county highway departments. With fine weather promised for Sunday, it is expected that many motorists will be trying out the roads in this and surrounding counties tomorrow, and the following information is given out through the courtesy of the departments in aiding motorists in planning their Sunday tours.

A. W. Moulster, state highway engineer, contributes the following:

Trunk Highway No. 2—East and west across Crow Wing county through Brainerd. Good between Aitkin, Crosby and Brainerd, with exception of one or two mud holes, now being repaired. Between Brainerd and Staples, good; bad mud hole between Staples and Wadena, is reported.

Trunk Highway No. 18—Brainerd east to Mille Lacs. Very good with exception of one mud hole 18 miles east of city, near Workman corner.

Trunk Highway No. 19—Brainerd north through Pequot, Pine River, Walker and Cass Lake. Brainerd to Walker, very good, balance of road fair.

Trunk Highway No. 27—Brainerd to Little Falls. Public advised to take old road through Barrows, Crow Wing and Fort Ripley instead of detour. Tractor has been working old road and it is in fair shape.

Walter M. Murphy, county highway engineer, gives this data on roads under his supervision:

State Road No. 2. (Dewey highway east and west through southern tier of townships.) This road is narrow, through clay country, and is in poor condition. Public is advised to keep off until frost is entirely out of ground.

State Road No. 3. (Brainerd, Merrifield, Lake, Emily.) This road is in excellent condition between Brainerd and Cross Lake. Next two miles is rough and wet in spots, balance of road to Emily, very good.

State Road No. 4. (Crosby north to Emily and Outing.) Crosby north to Mississippi river bridge, rough but passable. One mud hole three miles north of bridge, and one near Perry lake, by careful driving both can be negotiated. Balance of way to Emily and Outing, good.

State Road No. 5. (Deerwood south through Bay lake to Workman corner on Trunk Highway No. 18.) Good its entire length with exception of one mud hole at Bay lake, which is being

repaired. The "Inland Trail" from Merrifield to Breezy Point is in excellent condition throughout. This also applies to White Line No. 10, between Pequot and Breezy Point, and White Line No. 9, from Beaver corner on State Road No. 3 west to White Line No. 10 near Pequot.

The public is advised to keep off from all other White Line roads in the county until the frost is all out of the ground. Roads described above will afford numerous pleasant tours without experimenting with poor highways where conditions cannot be guaranteed.

### ARCADIAN ORCHESTRA

Make Decidedly Good Impression in Weekly Appearance at Lyceum Theatre

"The Arcadians," an orchestra of six pieces, are making a decidedly good impression in their weekly appearances at the Lyceum theatre on Sunday evenings, and Manager W. R. Miller is receiving many compliments upon the excellent music that is rendered.

The orchestra, made up of all local people, plays like a professional organization. The music is the latest, fox trots, waltzes and up-to-the-minute popular feature songs. It will play again on Sunday evening, and on each Sunday evening hereafter until further notice.

The feature picture on Sunday night is "Daddy's Gone A-Hunting," with Alice Joyce and Percy Marmont. It is taken from the sensational play that set all New York buzzing, and is said to be one of the most fascinating films now being shown.

The stars are favorites with all theatre audiences. Alice Joyce needs no introduction. Percy Marmont was headlined in "If Winter Comes."

The Lyceum, in offering this wonderful picture, together with the Arcadians, feels that it is offering Brainerd theatre-goers the very best in entertainment, and anticipates capacity houses at Sunday's performances.

## GLADIOLI CAMPAIGN SOON CONCLUDED

Buy Your Quota Now While You Have the Opportunity

### AVOID DISAPPOINTMENT

Very Low Prices For The Bulbs Secured by Public Spirited Citizens

"Let there be no regrets when the gladioli campaign closes," is the closing word of warning from the committee in charge of the sale of bulbs. Last fall there were many disappointed, who failed to place their peony orders until it was too late, and it is hoped that this condition will not be repeated after the gladioli campaign closes.

"The very low prices on the gladioli bulbs were secured by public spirited citizens who personally selected these bulbs after an extensive correspondence with the best growers of the country. They are cheap in price; high grade stock, and if the residents of the city will cooperate Brainerd has never been more beautiful than it will be when these gladioli blooms, and the August flower show should be the most attractive event of the entire summer," is the word of those in charge of the campaign.

Order will be received on Monday by those whose names were published in the Dispatch on Thursday. It has been urged that each resident plant beds of at least 100 bulbs. If this is not possible, it is hoped that no one will plant less than 25 bulbs.

### NAMED COUNTY CHAIRMAN

Mrs. M. J. Reis to Stimulate Interest in Women's Department, Norwegian Centennial

Mrs. M. J. Reis has been appointed county chairman of the Norwegian-American centennial to be held at the Minnesota state fair grounds, June 6, 7, 8 and 9.

Her work will be to stimulate interest in the woman's department of the centennial, especially the exhibit of arts and crafts.

Mrs. Reis wishes to say to anyone of Norwegian descent, who lives in the county and owns such articles as weaving, tapestries, embroidery, wood carving, relics and curios, such as old brasses, copper, jewelry, silver and china, that they wish to lend to the committee for exhibit at the centennial, that they communicate with her at an early date, at 204 South Seventh street, Brainerd.

## LODGE DANCE

Unity Lodge and Rushworth Encampment Entertain This Evening

Unity Lodge No. 194 and Rushworth Encampment No. 19, I. O. O. F., will entertain their families and members of Florence Rebekah lodge No. 111, at a dancing party, to be given in their hall this evening at 9 o'clock.

The Encampment will hold a business session preceding the party, to transact routine business, but promises to be through and have the decks cleared for action by the hour set for dancing.

Good music has been procured, the latest dance hits will be rendered, and refreshments will be served during the evening. All members of the above orders are urged to be present and assist in making this event a big success.

## STAFF CAPTAIN

### CHESHAM COMING

General Secretary, Northern Division, Salvation Army to Visit Brainerd

### SERVICES SATURDAY, SUNDAY

Is Talented Speaker and Musician; Meetings to be Most Interesting

Staff Captain A. E. Chesham, of Minneapolis, the general secretary for the northern division of the Salvation Army, will visit Brainerd and conduct his meetings at the local barracks tonight and Sunday. The staff captain is a man of many years experience in Salvation Army work, is a good singer and speaker. As a musician he plays the concertina, so interesting and successful gatherings are anticipated throughout the week end.

One of the many interesting things in connection with the staff captain's visit will take place on Sunday evening when he expects to give a baby away.

Open air meetings will be a feature throughout the week end as the weather will be favorable for people to stand. The order of services will be: Saturday, 7:30 p. m., open air service; 8:00 p. m., praise service; Sunday, 10 a. m., open air service; 10:30, Holiness; 2 p. m., Sunday school; 3:15, open air service; 6:15, Y. P. L.; 7:00, open air service; 7:30, Salvation meeting. Everyone is welcome.

### Nitterauer Funeral

The remains of Miss Gladys Nitterauer, accompanied by her parents, arrived from Chicago this afternoon. The funeral will be held on Monday afternoon at 2 o'clock from the Methodist church, Rev. E. A. Cooke officiating, and interment will be made in Evergreen cemetery.

## ROADS FINE FOR SUNDAY TOURING

Main Roads of the County Are Generally Good, Says County Highway Engineer

### FINE WEATHER IS PROMISED

A. W. Moulster, State Highway Maintenance Engineer, Also Gives Information

Main roads throughout the county are generally good, is the report given out by the state and county highway departments. With fine weather promised for Sunday, it is expected that many motorists will be trying out the roads in this and surrounding counties tomorrow, and the following information is given out through the courtesy of the departments in aiding motorists in planning their Sunday tours.

A. W. Moulster, state highway engineer, contributes the following:

Trunk Highway No. 2—East and west across Crow Wing county through Brainerd. Good between Aitkin, Crosby and Brainerd, with exception of one or two mud holes, now being repaired. Between Brainerd and Staples, good; bad mud hole between Staples and Wadena, is reported.

Trunk Highway No. 18—Brainerd east to Mille Lacs. Very good with exception of one mud hole 18 miles east of city, near Workman corner.

Trunk Highway No. 19—Brainerd north through Pequot, Pine River, Walker and Cass Lake. Brainerd to Walker, very good, balance of road fair.

Trunk Highway No. 27—Brainerd to Little Falls. Public advised to take old road through Barrows, Crow Wing and Fort Ripley instead of detour. Tractor has been working old road and it is in fair shape.

Walter M. Murphy, county highway engineer, gives this data on roads under his supervision:

State Road No. 2. (Dewey highway east and west through southern tier of townships.) This road is narrow, through clay country, and is in poor condition. Public is advised to keep off until frost is entirely out of ground.

State Road No. 3. (Brainerd, Merrifield, Lake, Emily.) This road is in excellent condition between Brainerd and Cross Lake. Next two miles is rough and wet in spots, balance of road to Emily, very good.

State Road No. 4. (Crosby north to Emily and Outing.) Crosby north to Mississippi river bridge, rough but passable. One mud hole three miles north of bridge, and one near Perry lake, by careful driving both can be negotiated. Balance of way to Emily and Outing, good.

State Road No. 5. (Deerwood south through Bay lake to Workman corner on Trunk Highway No. 18.) Good its entire length with exception of one mud hole at Bay lake, which is being

repaired. The "Inland Trail" from Merrifield to Breezy Point is in excellent condition throughout. This also applies to White Line No. 10, between Pequot and Breezy Point, and White Line No. 9, from Beaver corner on State Road No. 3 west to White Line No. 10 near Pequot.

The public is advised to keep off from all other White Line roads in the county until the frost is all out of the ground. Roads described above will afford numerous pleasant tours without experimenting with poor highways where conditions cannot be guaranteed.

### ARCADIAN ORCHESTRA

Make Decidedly Good Impression in Weekly Appearance at Lyceum Theatre

"The Arcadians," an orchestra of six pieces, are making a decidedly good impression in their weekly appearances at the Lyceum theatre on Sunday evenings, and Manager W. R. Hiller is receiving many compliments upon the excellent music that is rendered.

The orchestra made up of all local people, plays like a professional organization. The music is the latest, fox trots, waltzes and up-to-the-minute popular feature songs. It will play again on Sunday evening, and on each Sunday evening hereafter until further notice.

The feature picture on Sunday night is "Daddy's Gone A-Hunting," with Alice Joyce and Percy Marmont. It is taken from the sensational play that set all New York buzzing, and is said to be one of the most fascinating films now being shown.

The stars are favorites with all theatre audiences. Alice Joyce needs no introduction. Percy Marmont was headlined in "If Winter Comes."

The Lyceum, in offering this wonderful picture, together with the Arcadians, feels that it is offering Brainerd theatre-goers the very best in entertainment, and anticipates capacity houses at Sunday's performances.

## 25 NATIONS AFTER THE DAVIS TENNIS CUP

By HENRY L. FARRELL,  
(United Press Sports Editor)

New York, March 28.—Twenty-five foreign nations have been entered as challengers of the United States for the possession of the Davis Cup. This is not only a new record for interest in the most celebrated of all international sport trophies but it is added evidence that tennis is the ranking international sport.

Russia and Germany are the only major nations missing on the list of entries, which includes Sweden, Ireland, England, Italy, France, Switzerland, Holland, Austria, Portugal, Belgium, Denmark, Poland, India, Roumania, Czechoslovakia, Hungary, Japan, Mexico, Canada, New Zealand, China, Australia, Cuba, Spain and Hawaii.

Sixteen of the teams will play in the European zone and nine will meet in the American zone. The survivors of the two elimination groups will meet in Boston on Sept. 3, 4 and 5, and the winner will play the American cup holders in Philadelphia on Sept. 10, 11 and 12.

If it is safe to hazard a guess on past performances, it is likely that France and Australia will meet in the final round and that Australia will win and will meet the Americans in the challenge round for the cup.

The United States, with a prediction based also upon past performances, should defeat Australia and retain the cup.

Tennis runs closer to form than any other sport. The records will show that individuals and teams play with more consistency season after season than the athletes engaged in any other sport so it is possible to base a fairly accurate prediction upon past form.

The French team has in Jean Borotra and Rene Lacoste the two most promising young players in the game. Vinnie Richards, the American youngster, is rated almost as a veteran and he may be figured to have arrived instead of being regarded as a comer. Borotra and Lacoste have improved wonderfully since they have had the chance to play in the United States, and it is safe to assume that last year's campaign in this country will show results this year.

Close followers of the court agree that France offers the big menace to the future of American domination. The young Frenchmen may not arrive this year, but it is quite certain that in a few years these boys, who have not yet reached their majority, will come close to being cup possessors.

JEAN BOROTRA  
IS FAVORED FOR  
TENNIS TITLE

By HENRY L. FARRELL

New York, March 28.—France is set to walk away with a victory in the first major international competition of the year.

Jean Borotra, star of the French Davis cup team and the Wimbledon champion of 1924, is the ranking entry in the national indoor tennis championships which start here tomorrow.

Unless he is not on his game, as a result of his voyage from France, Borotra ought to have but little trouble winning the championships, as the leading American players are not entered.

## Richards in South

Vincent Richards, who won the title last year for the third consecutive time, is playing in the south and did not enter to defend his championship. Frank T. Hunter, who was second in the singles last year and the winner of the doubles with Richards, has also passed up the tournament.

Bill Tilden, the world's champion, has not played in the indoor championships for several years and is too busy with movies and other things to try for another title that he cares little for.

NURMI DEFEATS RITOLA  
IN 5,000-METER RACE

Buffalo, March 28.—Paavo Nurmi, world's running champion, defeated his rival, Willie Ritola, by 120 yards in a 5,000 meters race here last night. Nurmi's time was 14:38, which was 14 4-5 seconds slower than Ritola's record. Ritola was almost forced to quite with a "stitch," but he finished gamely.

Northern Minnesota Ball  
League Is Reorganized

Bemidji, Minn., March 27.—The northern Minnesota baseball league was reorganized at a meeting when five teams signed up for the loop. Walker, Cass Lake, Bagley, Kelliher and Bemidji will be ready to start the first half of a split season on May 10, playing every Sunday and holiday. Edwin L. Rogers of Walker was re-elected president; Walter Gray of Cass Lake, re-elected vice president; J. D. Winter of Bemidji, re-elected secretary and George B. Courtney of Bagley was made treasurer.

## A. A. U. Backs Nurmi

New York, March 28.—Protest of the Connecticut association asking for the suspension of Paavo Nurmi for failing to appear recently at races in Hartford was denied by the registration committee of the A. A. U. committee. Investigation, it was said, showed that Nurmi was ill and unable to run.

## 'Rip' Miller to Coach

South Bend, Ind., March 27.—Reports from the east that "Rip" Miller, Notre Dame tackle, has accepted a position coaching the Syracuse line next fall were denied here. Miller said he would go into business immediately upon completion of his college course.

Joe Wright, Jr., Will  
Be Groomed by Dad  
to Lift Skulls Title

Philadelphia, March 27.—Joe Wright, Jr., plans to follow in the footsteps of his father, Pennsylvania's famous rowing coach, many of whose greatest triumphs are recorded in the annals of the Argonaut Rowing club of Toronto.

Young Wright will come to this city on April 7 and take up sculling. The veteran oarsman will supervise the development of his son with the ultimate object of lifting the diamond skulls in the royal English Henley regatta, a feat which the elder Wright vainly tried to accomplish in 1893.

Joe Wright, Jr., stroked the winning junior, intermediate and senior regatta of the Argonauts last year at St. Catharines. He is 19 years old, 5 feet 3 inches in height, and weighs 155 pounds.

Commissioner Herman Wenzel and George Moeller, president of the Municipal Baseball association; E. W. Johnson, department of playgrounds, were speakers.

N. P. BASEBALL TEAM  
TO BE IN FIELD AGAIN

St. Paul, March 28.—That the Northern Pacific baseball team will be in the field again with a strong lineup and seeking the city title was assured last night when the team was banqueted at the St. Paul A. C. and plans for the coming season outlined.

Commissioner Herman Wenzel and George Moeller, president of the Municipal Baseball association; E. W. Johnson, department of playgrounds, were speakers.

HARRY WILLS WILL LAY  
OFF UNTIL APRIL FIRST

New York, March 28.—Harry Wills, negro heavyweight challenger, will not consider any offers until April 1, his manager, Paddy Mullins, said here today.

"We want to be sure before we talk to anyone that Wills has not a chance to get a fight with Jack Dempsey," he said.

## Munn Meets Mondt

Chicago, March 28.—Howard Cantowine of Iowa has been signed to meet Richard Schikat, Germany, in the semi-windup of the wrestling show at the Coliseum here Tuesday night. Wayne Munn meets Joe (Toots) Mondt in the main event.

## Lewis Wins

Philadelphia, March 27.—Ed (Strangler) Lewis, former wrestling champion, took two straight falls from Wallace Danguid, Canadian, here.

TUNNEY IN  
BODY ATTACK  
ON HARRY GREBLIGHT-HEAVYWEIGHT CHAMPION  
BATTERS PITTSBURGH  
WILDCATGREB ON DEFENSIVE DURING  
MOST OF THE  
FIGHT

(From Duluth News-Tribune)

St. Paul, March 28.—Gene Tunney of New York, American light-heavyweight champion, defeated Harry Greb of Pittsburgh, former holder of the title and present world's middleweight champion, in a 10-round, no-decision contest here last night.

A compilation of the newspaper experts at the ringside gave Tunney 6 of the 10 rounds.

Tunney won because of his smashing body attack, forcing the Pittsburgher to wince and break ground under a terrific bombardment of short rights and lefts punches. Greb started out in characteristic fashion, winning the first round by plastering Tunney with sweeping lefts and rights to the head. After honors were fairly even in the second, Tunney started to take the play away from Greb, slowing him up with a body attack. Greb was continuously cautioned for holding in the clinches and roughing it. He was guilty of wrestling Tunney to the ropes to escape punishment in the body.

The seventh was Tunney's outstanding round, Greb retreating around the ring and landing only two punches. Tunney forced him to back away by slamming hard rights and lefts to the body as Greb came in when his leads either missed or fell short.

The fight attracted a crowd that filled the St. Paul auditorium to standing room capacity, the attendance being around 8,000 and the receipts about \$20,000.

## Movie Man to Academy

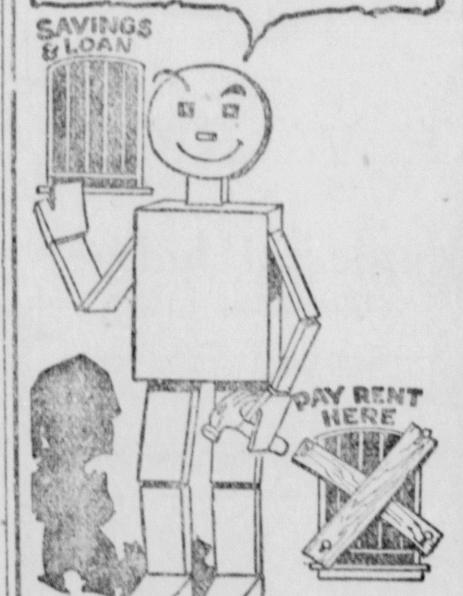

Paris, March 28.—Forrest Hakey, dramatist and writer of motion picture scenarios, has been elected to the French academy and has been decorated with the Order of the Palm by the French government.

## The Brute Again

"This poet has written some beautiful lines to 'The Silent Night,'" remarked Mrs. Grouch, looking up from a book of poems she was reading. "Suppose he wrote them after his wife had gone home to visit her folks for a while," growled her husband. — Cincinnati Enquirer.

## Plane to Spray Cane

Honolulu, March 28.—Hawaiian sugar planters are seeking airplanes to spray the great sugar cane fields on the Hawaiian island of Oahu, and check the spread of "eyespot," a plant disease which is ravaging the fields. Army airplanes may be used.

RUPTURE  
EXPERT  
Coming To  
BRAINERD

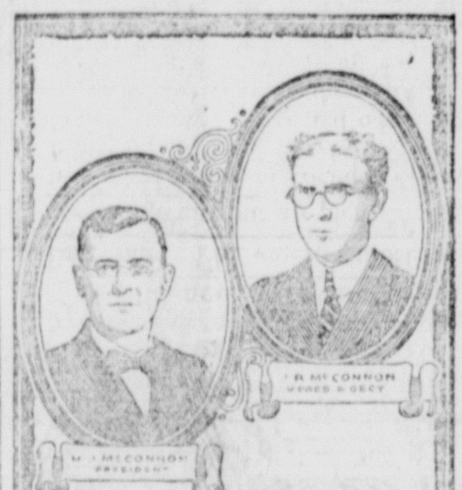

Dr. W. T. Leonard, noted rupture specialist, will be at Hotel Ransford for one day only, Tuesday, March 31, where he will treat all cases of rupture, no matter how long standing. Dr. Leonard is here personally to demonstrate to all ruptured people what his method can accomplish without surgery. Now, you have the chance to find out all about it, to have it demonstrated to you and see what it can do in your own case. Just call at the Hotel and he will give you his personal attention and advice, and complete demonstration absolutely without charge. Dr. Leonard says the spermatic guard will not only retain any case of rupture perfectly, but contracts the opening in 10 days in the average case, this result effected during the day, the repair continues throughout the night, during sleep when all strain is removed, being a vast advancement over all other methods, exemplifying immediate effects withstanding any strain or position, no matter the size or location. Large or difficult cases specially solicited.

We do not use elastic belts, spring or leg straps.

Dr. Leonard has specialized in the treatment of rupture for 20 years, and positively guarantees results if instructions are adhered to.

This instrument is indorsed by leading physicians.

Confidence is a wonderful thing! The world's most useful inventions are actualities now because of confidence. Faith in an idea has brought fame to many; riches and other rewards have come as the result of long tedious labor—all for an ideal.

Over 22 years ago McConnon & Company, of Winona, Minn., and Memphis, Tenn., was organized. We had unbounded faith; an ideal that we believed merited confidence. We worked hard. The faith and confidence of others spurred us on to greater effort. And today, McConnon & Company is one of the largest manufacturers of a consolidated line of spices, extracts, toilet helps, household needs and proved remedies for man and beast.

First of all come worthy products bearing the name of "McConnon." But it took the "McConnon Man" to establish the first relations with McConnon customers. How well he has succeeded; how well he has been received; how well he has succeeded is attested to by the fact that, once a McConnon customer, always a McConnon customer. Confidence! Faith in the product and the "McConnon Man"!

The "McConnon Man" is hand picked, intelligent, courteous and every bit a gentleman. He is prepared to tell you of the McConnon Line in concise terms, interestingly and in detail if you wish it. He is a man of honor, selling a worthy product. We know you'll like him and want to be a customer of his. And we'd like to have you be his customer. Wait for him.

**McConnon & Co.**  
Winona, Minn. Memphis, Tenn.

## 25 NATIONS AFTER THE DAVIS TENNIS CUP

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, March 28.—Twenty-five foreign nations have been entered as challengers of the United States for the possession of the Davis Cup. This is not only a new record for interest in the most celebrated of all international sport trophies but it is added evidence that tennis is the ranking international sport.

Russia and Germany are the only major nations missing on the list of entries, which includes Sweden, Ireland, England, Italy, France, Switzerland, Holland, Austria, Portugal, Belgium, Denmark, Poland, India, Roumania, Czechoslovakia, Hungary, Japan, Mexico, Canada, New Zealand, China, Australia, Cuba, Spain and Hawaii.

Sixteen of the teams will play in the European zone and nine will meet in the American zone. The survivors of the two elimination groups will meet in Boston on Sept. 3, 4 and 5, and the winner will play the American cup holders in Philadelphia on Sept. 10, 11 and 12.

If it is safe to hazard a guess on past performances, it is likely that France and Australia will meet in the final round and that Australia will win and will meet the Americans in the challenge round for the cup.

The United States, with a prediction based also upon past performances, should defeat Australia and retain the cup.

Tennis runs closer to form than any other sport. The records will show that individuals and teams play with more consistency season after season than the athletes engaged in any other sport so it is possible to base a fairly accurate prediction upon past form.

The French team has in Jean Borotra and Rene Lacoste the two most promising young players in the game. Vinnie Richards, the American youngster, is rated almost as a veteran and he may be figured to have arrived instead of being regarded as a comer. Borotra and Lacoste have improved wonderfully since they have had the chance to play in the United States, and it is safe to assume that last year's campaign in this country will show results this year.

Close followers of the court agree that France offers the big menace to the future of American domination. The young Frenchmen may not arrive this year, but it is quite certain that in a few years these boys, who have not yet reached their majority, will come close to being cup possessors.

## JEAN BOROTRA IS FAVORED FOR TENNIS TITLE

By HENRY L. FARRELL

New York, March 28.—France is set to walk away with a victory in the first major international competition of the year.

Jean Borotra, star of the French Davis cup team and the Wimbledon champion of 1924, is the ranking entry in the national indoor tennis championships which start here tomorrow.

Unless he is not on his game, as a result of his voyage from France, Borotra ought to have but little trouble winning the championships, as the leading American players are not entered.

## Richards in South

Vincent Richards, who won the title last year for the third consecutive time, is playing in the south and did not enter to defend his championship. Frank T. Hunter, who was second in the singles last year and the winner of the doubles with Richards, has also passed up the tournament.

Bill Tilden, the world's champion, has not played in the indoor championships for several years and is too busy with movies and other things to try for another title that he cares little for.

## NURMI DEFEATS RITOLA IN 5,000-METER RACE

Buffalo, March 28.—Paavo Nurmi, world's running champion, defeated his rival, Willie Ritola, by 120 yards in a 5,000 meters race here last night. Nurmi's time was 14:38, which was 14 4-5 seconds slower than Ritola's record. Ritola was at most forced to quite with a "stitch," but he finished gamely.

## Northern Minnesota Ball League Is Reorganized

Bemidji, Minn., March 27.—The northern Minnesota baseball league was reorganized at a meeting when five teams signed up for the loop. Walker, Cass Lake, Bagley, Kelliher and Bemidji will be ready to start the first half of a split season on May 10, playing every Sunday and holiday. Edwin L. Rogers of Walker was re-elected president; Walter Gray of Cass Lake, re-elected vice president; J. D. Winter of Bemidji, re-elected secretary and George B. Courtney of Bagley was made treasurer.

## A. A. U. Backs Nurmi

New York, March 28.—Protest of the Connecticut association asking for the suspension of Paavo Nurmi for failing to appear recently at races in Hartford was denied by the registration committee of the A. A. U. committee. Investigation, it was said, showed that Nurmi was ill and unable to run.
